I am tired of receiving robocalls all hours of the day. I have call waiting and will not answer these calls but the call several times a day. They do not leave any message when they call. I am signed up for both the federal and state Do Not Call list and do not want to get calls on my cell phone. Caller IDs should clearly identify robocallers and they should not be allowed to use numbers like Vxxxxxxxxxxxxx callerIDs. You should make it easy to report offenders and not make it necessary to provide personal information to do so.
