I watch RFD-TV on Charter. How do we learn unique to farm country things, like riding a horse and how body language can affect our horse by watching Big Bang Theory? How do we get Rural news on a channel that caters to Big Metropolitan living? How do we get Tractor auctions on a channel that has never seen a tractor? How does FFA get a voice if the only voice we can hear is I worship sex, hip hop, rap, explicit movies and TV shows? Saturday Morning doesn't even have kids shows like they used to. Rated R is now PG-13. Rated G is rare outside of Sprout and PBS. I'm sorry, but the Metropolitan Rich CEOs need to keep their hands OFF our RFD-TV. They already took away my CHRISTIAN Music Videos in favour of sexy dances to "I hate Jesus and want sex" music. :P I want my bluegrass! Musicchoice took Bluegrass off! If only the majority is allowed their programming, then we will have nothing but violence, sex crazed crap with NO moral values!
