The do not call list doesn't work on landlines. And despite my turning my ballot in, I am still getting robo calls on land line. And now I get robo calls on cell. Wastes my time, our energy, and related resources. It's me paying for the cost of the service and those who don't know me or who need not contact me for survival reasons are using my service---my resources and my money. With that and identity theft, we are just overwhelmed with contacts.
