Robocalls must stop going to our cellphones! It wastes our minutes which is unfair to us as consumers. If robocallers really want to reach us they should be only allowed to make a certain amount of calls to our cellphones each month, for example three. It wastes our time and often wakes us up in the middle of the night because the robocalls can happen anytime in 24 hours.

Debt collection robocallers must notify us of our right to stop receiving calls. The number of allowed calls or texts should be limited to no more than three per month, and only to those who directly hold federal debt - not friends and family. The guidelines should be clear and readily available.
