Dear Sirs.

This is a letter of **APPEAL** regarding the above captioned FCDL regarding the following FRN:

FRN#: **2325484** - Eran Viner Company Inc. – **NOT FUNDED** - MR1: The Contract Award Date was changed from 2/12/12 to 2/10/12 to agree with the documentation provided during the review of the FCC Form 471. <><><><><> DR1: FRN is denied because the vendor selection documentation provided shows that the vendor evaluation process took place on 2/12/12, which is after the Contract Award Date listed on the contract. The vendor evaluation process must be completed prior to the award of a contract with a service provider.

We submit that there was an M&C error in transcribing the evaluation sheet date. In fact for FRN 2325486 USAC comments “The Contract Award Date was **changed from 2/12/12 to 2/10/12** to agree with the documentation provided during the review of the FCC Form 471”. Obviously there was some confusion in the transposition of the dates of IA requests. There were no compelling reasons to date the evaluation otherwise.

The FCC has ruled in Bishop Perry that M & C errors should not cause the denial of eligible services nor create undo hardships for schools who otherwise followed the required process and procedures.
