To Whom It May Concern:

Tattnall Square Academy, entity # 34094, is submitting a waiver for the deadline to submit a Form 471 for E-rate. We filed our Form 470 (application #160044452) within the first week of April, but that did not allow us to file the Form 471 by the May 1st deadline due to the 28 day window requirement. The requirement was met on May 9th and I called USAC and they informed me to file a waiver through the FCC before I filed my Form 471. So, I filed a waiver on May 11 with the FCC and the ECFS filing receipt-confirmation number was 2016511227373.

I have continued to call the FCC back multiple times for several weeks and was informed to wait for a response or I would be told to call many different people and no one gave me the same answer or pointed me in the same direction. It wasn't until I spoke with James Bachtell with the FCC that I received any correct information or direction to proceed.

He informed me to go ahead and file my Form 471's. That has been completed now. The Form 471 application numbers are 161058009 for category one and 161058209 for category 2.

We are seeking a waiver for the submission of both Form 471's referenced above, so that our application can be processed for the 2016 funding year. We would greatly appreciate a waiver on this May 1st deadline. We have been current E-rate recipients for the past 3 years and just missed the deadline this year for the first time.

Thank you so much for your consideration. If you have any further questions regarding this matter, please do not hesitate to contact me at 478-477-6760 or by email at brandi.fountain@tattnall.org.

With Gratitude,

Brandi Fountain
