Waiver Request

DOCKET FILE COPY ORIGINAL

I'm submitting a waiver to the FCC, in regards to Miles ISD's filing of form 471.

This is my first year filing for E-Rate and did not realize that I would need to certify my application in order to complete the filing process. It was not clear to me that in order to complete the application process that I would need to certify the form. I did not see anything on the EPC Portal or was aware of an email that notified me to certify my application to complete the process.

When speaking with a USAC representative, I was made aware that the filing of the 471 was not complete and would need to be certified in order for it to be completed. This was done today, June 6, 2016, which is outside of the filing window. Since this is my first time filing for E-Rate and I am unfamiliar with the process, I am filing for a waiver request to get funding for networking equipment needed to update our school districts current infrastructure.
