**JOINT STATUS REPORT**

Pursuant to Staff’s April 14, 2016 Interim Order (“Interim Order”), Worldcall Interconnect, Inc. (“WCX”), and AT&T Mobility LLC (“AT&T”) (together, the “Parties”) submit this Joint Status Report addressing the parties’ negotiations regarding the remaining issues as per the Interim Order. Consistent with Staff’s directive, the Parties have conferred regarding those issues and have made some progress in resolving certain of the remaining issues.

At this juncture, it is not clear whether the parties will be able to reach agreement as to all of the remaining issues but they are willing to continue their negotiations in an effort to reach such an agreement. Further, as reflected in the motion for clarification submitted by WCX and AT&T’s opposition to that motion, the parties disagree as to the extent to which the Interim Order resolved the scope issue pertaining to AT&T’s provision of roaming services.

If Staff has any questions concerning the status of the parties' negotiations, the Parties' counsel are available for conference call to discuss such matters. Otherwise, the parties propose to continue their negotiations and to submit a further Joint Status Report by July 1, 2016.

Dated: June 14, 2016

Respectfully submitted,
