COMMENT SOUGHT ON LIGADO'S MODIFICATION APPLICATIONS

Extension of Reply Comment Deadline

IB Docket No. 11-109; IB Docket No. 12-340

Extended Reply Comment Filing Deadline: June 21, 2016

On April 22, 2016, the International Bureau invited public comment on an application filed by Ligado Networks LLC (Ligado) to modify its conditional authorization for an ancillary terrestrial component of its L-band mobile-satellite service networks.¹ Consistent with FCC rules,² the Public Notice specified a reply comment deadline of Thursday, June 16, 2016.³

On June 14, 2016, Garmin International, Inc. (Garmin) requested an extension until Tuesday, June 21, 2016, for the filing of reply comments.⁴ Garmin states that the ten-day reply comment period is insufficient given the volume of the record and significance of the issues, and that its need to coordinate resources deployed throughout multiple international locations has complicated its consideration and drafting and militates in favor of a brief extension of time.

While it is the policy of the Commission that extensions of time shall not be routinely granted,⁵ we agree with Garmin that a brief extension for the filing of reply comments will facilitate the development of a complete record. We therefore grant Garmin's request.

Action by the Chief, International Bureau.
