Attn. FCC

I sincerely hope you will help to keep the RFD channel and other smaller TV channels to stay on the air. The RFD channel is the only one that you are sure that at no time in a 24 hour period would you be afraid to let children watch. You don't have to be "rural" to find programs that are informative and/or entertaining.

DOCKET FILE COPY ORIGINAL

Please don't let the big companies bully the smaller ones from staying.

After all, isn't that what our great Country is all about? Equal chances to be heard.

All our family members and most of our friends would really miss RFD programs.

Dear FCC —

We bought Dish Network TV just so we could get RFD

My brother had a strake and was home bound so he would turn RFD on when he got up and turned it off when he went to bed. I would watch it with him and told my husband we have to get RFD.

I am 85 years and my husband is 90. We still live on the farm and enjoy everything on RFD. If we couldn't get RFD we would drop dish.

DOCKET FILE COPY ORIGINAL

All my neighbors and friends watch RFD. Please, Please don't drop it, it's our music programs, and everything that connects us with horses, travel, tractor auctions, markets and every program they have. Thank you —

Dear FCC,

Hello! Please, Please don't let the big Companies like Verizon drop RFD-TV. I have Direct TV, & I watch RFD-TV - 60% of the time, or more - I am old + alone, + was in agriculture my whole life, I watch Equine, Ranching, Rodeo & Music shows they offer - Plus others even their weather coverage is good. I never have to listen to dirty language - or taking the Lords Name in Voin. God is worshiped in the right way.

RFD-TV does everything right, Thank you for reading this & your consideration - Sincerely

to whom it may concern,

I am a semi-retired farmer (87 years old) and have been a steady watcher of RFD-TV for over eleven years. Subscribing to Dish network then was because of RFD-TV.

Please do all you can to help RFD-TV get treated fair in this situation with Verizon.

I remember when the business world etc was far less nasty than it is today. Seems when something good such as RFD-TV comes along there are money hungry, selfish crooks that try to destroy it.

Thank You,

Sirs?

How many of you have spent too much time flipping thru the TV Channels to no avail. There must be hundreds of Channels that have no redeemable value. I am embarrassed as it is so bad. "We are being "dumbed down" at a national disgrace.

So what do we do? We search & search and it is very frustrating. DOCKETFILE COPY ORIGINAL Finally, we find RFD. It is all good quality and deserves our support.

I watch quite a few news Channels, local & national. I watch mostly Prairie Public TV here in N.D. Educational TV is head & shoulder above most TV stations. RFD is in second place. It is an insult to be fed the problem that the big Eastern Conglomerate Cable companies feed us. namely Verizon We get our TV from midstate Cable of Stanley, N.D. I hope to see RFD get a fair chance because it is very good & worthwhile.

Thank you,

Please consider keeping the RFD channel as it really does mean the world to most country people. When there's nothing to watch on our 100 channels, there is usually something good and clean on an old country TV. There is so much

absolutely no good stuff on TV and we're paying close to $40/month and for what. Just a few choice channels and RFD is one of the only few — no swearing — no vulgar ways — anyone of any age can watch + not feel like even the commercials or other channels. It is such a blessing to have RFD TV and I'm sure many people appreciate it. Thank you so much for listening and for keeping it country.

Sincerely,

Bonnie and Larry Nielsen

ONLY RFD IS GOOD!

MY DAUGHTER DOES NOT EVEN HAVE ATV BECAUSE OF THE TERRIBLE THINGS ON IT — YOU CAN'T EVEN PASS A CAR ANYMORE — IT'S TERRIBLE ONLY RFD IS GOOD!

RE: Support for RFD-TV

Why do we want to keep rural programming like RFD-TV on the air? That's such an easy question to answer. My husband and I are a late 70's aged couple. We have loved country music, polka music, rodeos, and other "western" entertainment for all our married years - fifty-four of them. We are so happy and satisfied to be able to get these things on RFD-TV via DISH NETWORK as our provider. We have DISH accounts so that we can have our RFD-TV wherever we are living - in Indiana, Florida, or at the lake. DISH was our choice because they offer RFD-TV as a reasonably priced tier of programming. With most other television stations having inane "situation comedies" - even some we find offenside - RFD gives us "stuff" to watch that we truly enjoy. Please, Please, PLEASE do whatever needs to be done to keep rural and independent stations on cable and satellite television.

We need the R F D TV. Channel.
Too many people have no understanding
of how food is produced or the purpose
of livestock. I have listened to city
kids fascinated with rural happenings.
We often had families from urban
areas come and be so fascinated with
country. Never once did anyone say
they wanted to get back to the city.
Most, "can we stay longer?" It is
sad that the government is making
it more difficult for the rural economy
to prosper. I'm 87, widow now and a
bit crippled and legally blind. Live in a
small town, pop. 700. I have Cable TV.

There is so much trash and porn talk on many channels. Kids should not be subjected to that type of TV. What do your kids or grandkids watch? Please keep RFD on the air. Maybe parents, who care about the future of America will see the importance of rural America.

P. Word

I have Cable TV. Lots of trash. Thanks for RFD, TBN and SDPB. Keeps me informed and entertained.
