RE: 16-41

DOCKET FILE COPY ORIGINAL

Dear FCC:

After 20 years with Comcast, my husband & I had to drop their service & go to Direct TV because Comcast dropped RFD from their family channel. RFD is our favorite channel, especially the country music programming. It is a shame to see programs that rural and senior citizens enjoy just go away, & we earnestly plead with you to stop this from happening. Please do the right thing & allow us to continue watching our favorite channel.

Thank you for your consideration in this matter.

Sincerely yours,

Auline Derbonne

To whom it may concern:

I am a retired Ag Sci teacher and a FFA advisor. RFD TV is entertainment and also news to the people who watch RFD.

I enjoy the National FFA Convention. It shows the importance of Ag in the classroom and leadership skills these students learn.

I watch the ag. markets and weather on the RFD channel. I also farm and this information is very important to make my cattle and wheat business successful.

We also enjoy country music and family program. I do not understand why the FCC would let companies do away with programs that any one can watch. When I watch TV there are a lot of channels that need to go but RFD is not one of them.

We have dish network. I hope they never drop RFD tv, but if they ever do I will drop them.

DOCKET FILE COPY ORIGINAL

I watch RFD tv a LOT! I have many programs that I enjoy every day. One example is "Classic Tractor fever". I grew up on a 100 acre Cotton farm close to Lockhart, Texas. My father farmed with Oliver Tractors & combines. When I see all of the old Tractors it takes me back to some great memories. My father was my Hero. I lost him when I was still a young boy at the age of 12. He died due to his war injuries he recieved in WWII. He was Radio operator/Mech. gunner on a B-17. His Crew was shot down June 13, 1943. Of the 10 man crew 7 men bailed out and 3 were killed. My father was one of the men that bailed out and became POW. He made it home but died in 1962. I know if he was still alive he would like the programs on RFD tv just like I do. My father's Generation is the reason we even have the freedoms we do today.

Thank you,
Willis L. Patton Jr.

Dear FCC : 16-41

Please keep the RFD channel on the air. I retired from farming this past year and very much want to keep in touch with things relating to the farm and country way of life. I enjoy the livestock information and the crop information very much. The markets reports are awesome. I watch RFD on Sudden Link. It is such a learning tool for our young people and people who don't know about the country way of life. Keep RFD on the air. Thank you!

Sincerely,

Hello,

I am a viewer of RFDTV on DISH.

I enjoy watching the variety of programing on said station and am writing this in regards to FCC 1640.

I am involved in farming and am also a semi-professional musician, so I find many of their programs to be informative and educational.

DOCKET FILE COPY ORIGINAL

I also believe that here in the U.S.A. the "little guy" (independant stations) should be allowed the opportunity to fail or succeed, and this privilege not be only offered to a select few.

I therefore am hoping that you will agree that this issue is within your jurisdiction and that you will do the right thing.

Sincerely,

Lynn M. Asp

To whom it Concerns

We watch RFD-TV a lot and don't want it taken off the air.

My family has been farmers for a long time we had dairy cows & now have beef cows & granddaughter has horses.

So if its taken off the air we will have to cancel our Dish Network as there will be nothing else that we like to watch

To the Members of the FCC

I would like to add my comments to the others appealing to you in the case of R2D keeping their station a low 10 Group.

Doesn't matter whether we live in the city or country. The R2D channel is important to all of us. They carry programs that appeal to all. Offer a variety that very few other channels do. Just because they are a small independent station doesn't mean they should be denied the right to become one of the channels the cable and satellite companies offer their viewers in their packages. Shouldn't the viewers be able to make that decision since we pay for the programs?

The independent station, such as RDD, should have to extensions to fight to stay on the DU lineup. They are just as important to the viewers as the other channels. They offer the variety that other channels don't. To the satellite and cable companies that have kept RDD on their lineups, we say, thank you.

We'd like you please help RDD from having to struggle with the big cable companies that keep threatening to block them and remove them so their subscribers can't have that choice. There must be something you can do.

Thank you.

Sincerely

Mrs. Shirley Pejsarowicz

Dear FCC - 16-41

Please DO NOT remove the Independant Channels from Dish Network.

We watch the independant Channels every day. They have programs that pertain to our rural heritage.

Please do not remove them from dish, or other Channels

Thank you

Hello, Patrick of RFD:

DOCKET FILE COPY ORIGINAL

My name is Sandra Neel of Bakersfield, California. I am from a family of country musicians known as the Holly's, respectfully, Sandy Holly & the Holly Trio" also Doyle Holly of the "Buckaroos Band of Buck Owens".

I am writing this letter in support of all the country music fans in Bakersfield and especially my mom, Sandy Holly, who is retired and handicapped and is 80% confined to her home. As a well known, but retired, country music entertainer, my mom's major connection to all her friends in the music industry is her access to RFD. My mom wrote a letter of support to you in January, 2016 which I am enclosing a copy for your review.

RFD music programs are a major part of my mom's life, and, in fact, mine as well. I hope our responses will help preserve RFD.

Very Sincerely,

Sandra Neel

Patrick.... I am writing you today because I am hopeful that my request and plea will play a part in keeping RFD channel on the air. It is going to play a huge role in my life if it is no longer available, as I wait anxiously for all the Country Music programs every week because I know so many of the artists, especially the ones on "Country Family Reunion" and have even heard some songs that I am writer of.

I was on a cruise in 2010 as an invitation from Tony Booth. I am very close friends with one announcer of "Tru Country" (Tom Rockwell of Treats club.)

As I mentioned, I am now 82 years old and I am battling Breast Cancer, so I am pretty much confined to my home and believe me when I tell you that RFD is my major connection to my Country Music family. I pay $105.00 per month just to have the RFD channel in my life.

If RFD is cancelled, I will drop my tv contract back to $35.00 as no other channel has Country Music programs.

If there is anyone or anywhere else that I can contact to help keep RFD, please let me know.

(I also have Buck Owens' last two autographs and a letter of certification from Jim Shaw.)

Respectfully,

Sandy Holly

Dear Patrick;

My name is Sandy Holly and I am now 82 years old. I am also a retired musician and songwriter and from a family of ten of the same. I am sister of Base Player for the Buckaroos, Doyle Holly who was with Buck for 14 years and passed away in 2007.

I had a Country Band for over 50 years, called "Sandy Holly and the Holly Trio" and performed on stages such as "Louisiana Hayride", "Palimino club", Las Vegas club", Frontier Club" Bucks Crystal Palace" and the six state "Rodeo Circuit" for five years.

I am personal friends with Gene Watson, Tony Booth, Jim Lauderdale, Bobby Flores and many more. I have used many well known musicians in my Band, such as Tom Brumley, Tommy Collins, Jerry Wiggins, Gene Price, Brother Doyle Holly, and many others in my career of half century.

I also opened shows for Brenda Lee, Faron Young, Merle Haggard, Jim Ed Brown – many many others.

I am also ex-wife of Gary Paxton, writer of songs like Monster Mash, Sensious Woman, and had the Group called "Hollywood Argyles"

Dear Patrick;

I am completely confused about what FCC is trying to do Now. What on earth is the advantage to their "so called" "Workshop"?
It seems they are only wanting to make a problem for RFD.
I don't know what more I can do to convince them that RFD gives many many people (especially seniors) some thing to look forward to, and in fact, they should concentrate on increasing the Country Music shows instead of Removing what they have. I'll bet not a single one on their board has a clue about Real Country Music.
I have written a couple of letters, and arranged for several more (to keep RFD on) And if there is anything more I can do, do not hesitate to tell me.

A Devoted fan,

Sandy Holly

Dear Patrick Gotsch 3-18-16 1644

Just a note to let you know how much we (as 80+ year old Seniors) enjoy your RFD! We're not fond of the auctions or Boy Scout's whatever taking over the programs --- But we do so enjoy the old country shows. The "new country" is NOT Country! There is no tune or meaningful words, the old country has beautiful music & stories to tell.

We watch Dish TV satellite channel 345 We have local channels but only watch them for news & weather. The network So-called comedy shows have so much sexual innuendo that we cringe & turn it off.

Please don't take RFD TV off - Its one of the few pleasures we enjoy.

Thanks

Ralph & Beverly

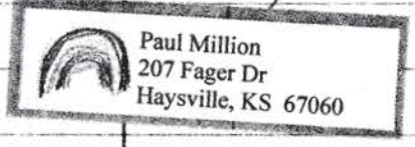
Re: FCC Ruling

Dear Sirs,

My husband & I watch RFD-TV & enjoy the programming they offer. We appreciate the programming because it is family friendly & we don't have to worry about our grandchildren watching it - in other words it is clean - it is to bad more stations don't follow their example. Please do not remove their Programming & if anything support what they do. Thank you for your consideration.


Yours truly,
Paul & Linda Million
