<110> Has your company received its ETC certification from the FCC? (yes / no) (yes) (no)

If your answer to Line <110> is yes, do you have an existing §54.202(a) "5 year plan" filed with the FCC, as it relates to your provision of voice telephony service? (yes / no) (yes) (no)

If your answer to Line <111> is yes, please file a progress report, on line <112> delineating the status of your company's existing § 54.202(a) "5 year plan" on file with the FCC, as it relates to your provision of voice telephony service.

<112> Attach Five-Year Service Quality Improvement Plan or, in subsequent years, your annual progress report filed pursuant to 47 C.F.R. § 54.313(a)(1). If your company is a CETC which only receives frozen support, your progress report is only required to address voice telephony service.

Update of our 2015 Service Quality Improvement Plan – 47 C.F.R. §54.202(a)
 InterBel Telephone Cooperative, Inc. (InterBel) submits this update to our 2015 build-out Service Quality Improvement plan pursuant to C.F.R. §54.202(a)(1)(ii) that specifies proposed improvements or upgrades to InterBel's network throughout its service area. In addition, InterBel is providing information that includes the area and population served as a result of these improvements.

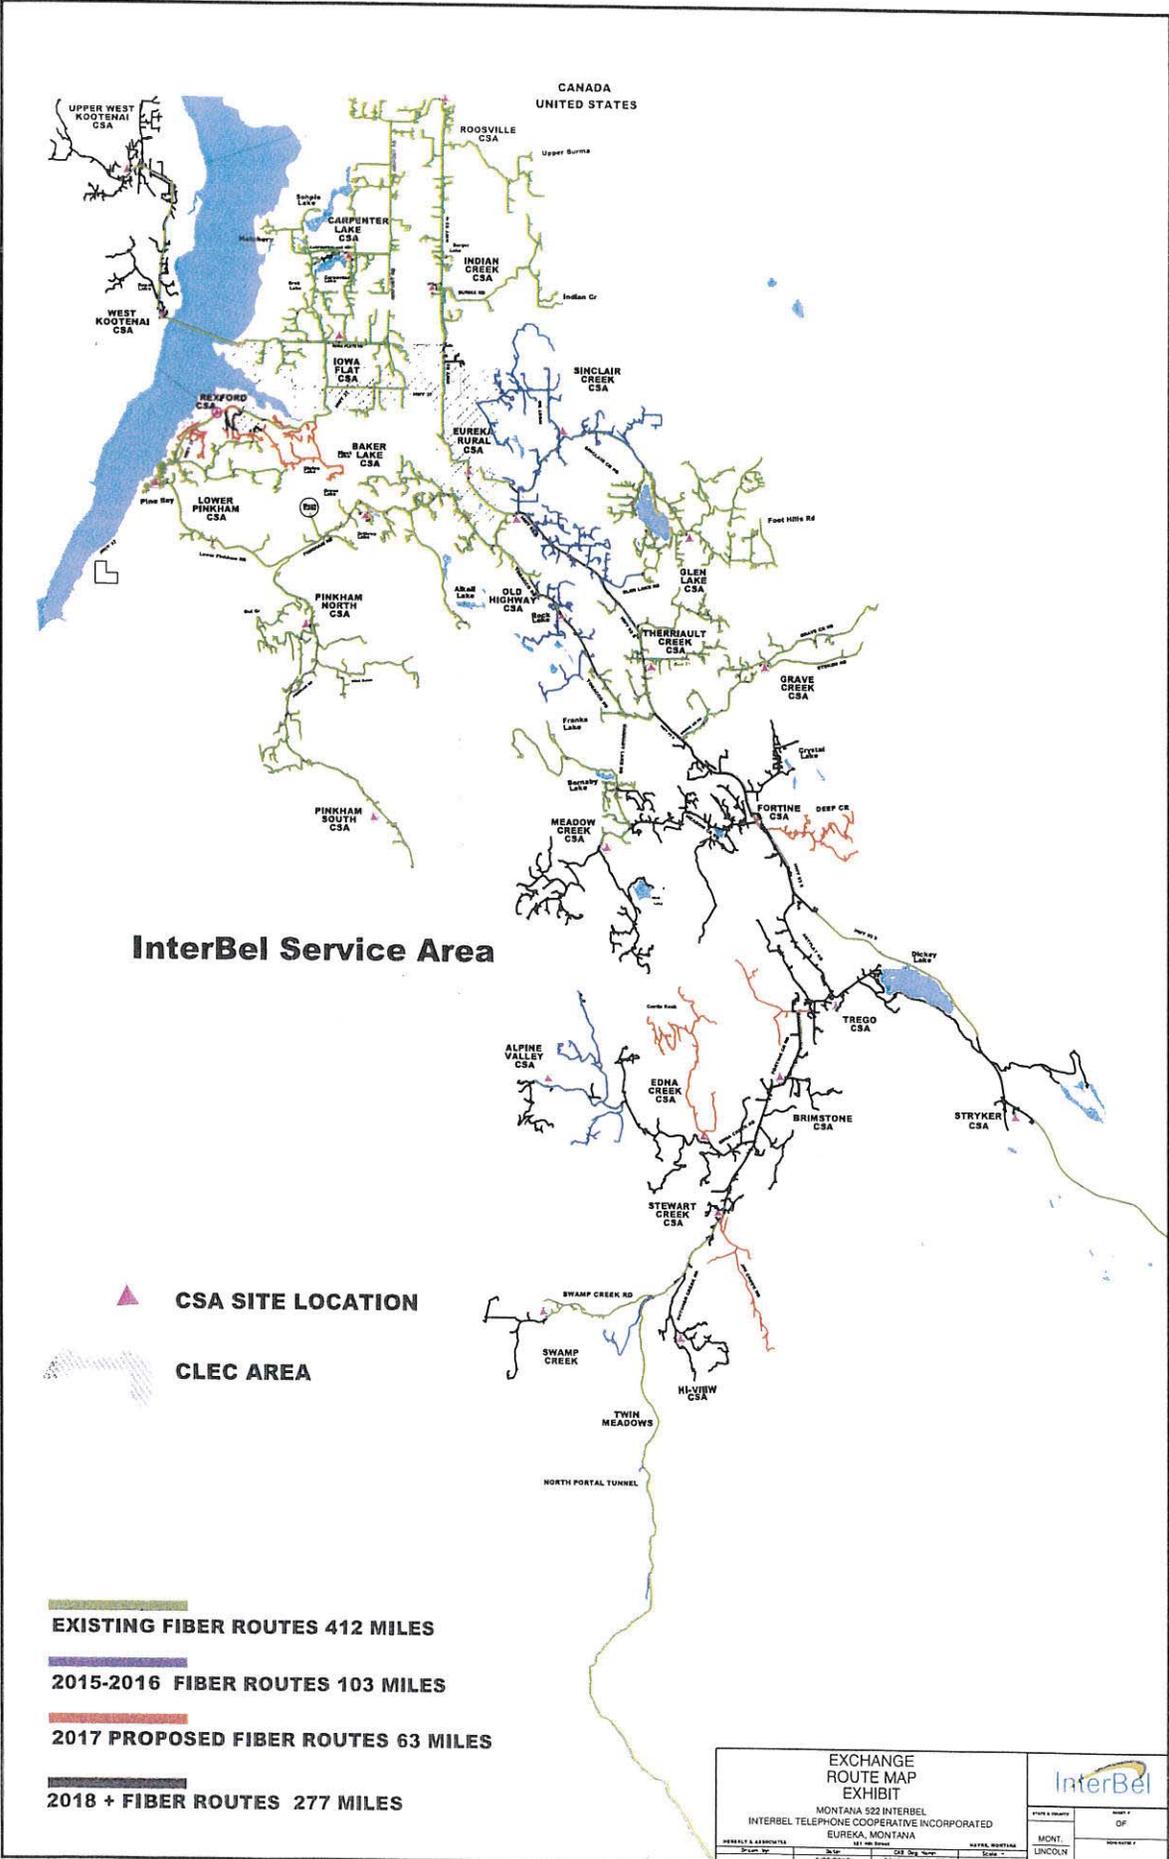

SAC: 482242
 Wire Center #ERKRMTCDS1

InterBel's service area is comprised of 1,000 square miles
 As of December 31, 2015, InterBel has 2,398 Rural cooperative members with a total of 2,405 Rural access lines.

The receipt of USF support, combined with our RUS M-Loan and other funding sources allows InterBel to continue to meet its voice and broadband obligations within its service area, complete service requests within a reasonable amount of time and provide reliable, state-of-the-art, high-quality voice and broadband service to its rural customers within its exchange. The joint voice and broadband projects listed within this plan are used to improve service and/or upgrade the quality of the network. This plan constitutes an ongoing transition from a copper plant to a fiber plant, plant maintenance, as well as providing technologically advanced services to our members. Having a fiber optic cable plant allows us to increase the quality and quantity of our broadband services reaching subscribers whose bandwidth requirements cannot be met with the current copper medium.

Voice & Broadband Upgrades : 2015

Project Description	Area Served/Wire center	Estimated Start Date	Completion Date	Population Served	Estimated Capital Costs	Actual As of 481 Filing Update 2015	Notes
FTTH - replace copper with fiber - 116.30miles	Therriault Cr., North-South-Lower Pinkham	4/1/2014	11/21/2015	348	6,098,630	6,435,670	Contract coverage due to terrain plus general plant expansion
Buildings Upgrades - to support new technological upgrades	Lake Creek CSA	4/1/2015	9/30/2015	3613	65,500	2,000	Upgrades deferred to 2016
installation of FTTH and continue network upgrades	All	3/1/2015	10/30/2015	3613	95,000	128,360	Purchased additional necessary items not in budget
Computers & Office Equip to support customer service needs	All	3/1/2015	12/31/2015	3613	64,200	27,490	Deferred Computers to 2016
CO Switching Test Equipment	All	8/1/2015	11/30/2015	3613	25,000	15,808	Able to purchase at less than budget
CO Transmission Upgrades - to support upgraded broadband requirements of customers	All	5/1/2015	7/31/2015	3613	118,000	91,179	Not all budgeted items purchased
					6,466,330	6,700,507	Mostly due to FTTH

Project Update

InterBel Telephone Cooperative, Inc. ("ITC") submits its five year progress report for Service Quality Improvement pursuant to C.F.R. 54.313(a)(1) detailing its progress towards meeting its targets for improvement and upgrade to ITC's network throughout its service area.

This progress report details how InterBel Telephone Cooperative continues to meet its broadband obligations within its service area, completes service requests within a reasonable amount of time and provides reliable state of the art telecommunications services within its study area that includes 2,405 rural customers in one (1) exchange. The projects listed within the progress report are designed to continue to provide improved service quality, improved service coverage, and improve service capacity within the wire-center boundaries of ITC. In addition, this progress report provides sufficient data that details capital and operational expenditures, the amount of USF received allocated between capital and operational expenditures. All USF funds received and detailed within this progress report were used in accordance with federal rules and regulations towards improving service quality, service coverage, and service capacity.

Voice Network

Pursuant to 47 C.F.R. § 54.313(a)(5) and or 47 C.F.R. § 54.422(b)(3) InterBel Telephone Cooperative, Inc. ("ILEC") is in compliance with appropriate FCC Service Quality Standards and Consumer Protection Rules. ILEC provides CPNI training to all of its existing and new employees. In addition ILEC trains staff and new employees on Red Flag issues. All ILEC employees are required to sign and acknowledge they have completed CPNI and Red Flag training, received a current copy of the ILEC's CPNI and Red Flag Manual and understand obligations to adherence of applicable rules. The CPNI and Red Flag Coordinator conducts follow-up training sessions for employees who (a) assume new job responsibilities likely to bring them into contact with new and/or existing covered accounts of customers ; (b) if and when material changes and other substantial revisions, modifications and updates are made to the Program; and/or (c) periodically when the ILEC's management and Coordinator believe a refresher training session is needed to remind employees of identity theft issues, Red Flag matters and CPNI. Annually, the Board receives, reviews and accepts CPNI and Red Flag reports from management.

ILEC also outlines its rates, terms, and conditions under which ILEC offers service in its Local Exchange Tariff. The tariff explains customer rights and obligations, customer service, dispute resolution, deposits, billing and payment options, disconnection of service as well as cancellation of service options. ILEC keeps its tariffs available for public inspection at its business offices.

Broadband Network

Pursuant to 47 C.F.R. § 54.313(a)(5) and or 47 C.F.R. § 54.422(b)(3) ILEC is in compliance with applicable FCC Service Quality Standards and Consumer Protection Rules. ILEC trains exiting and new staff on applicable rules for broadband services issues. The ILEC conducts follow-up training sessions for employees who (a) assume new job responsibilities likely to bring them into contact with new and/or existing broadband service issues; (b) if and when material changes; and/or (c) periodically when the ILEC's management and Coordinator believe a refresher training session is needed to remind employees of broadband service issues.

ILEC also outlines its rates, terms, and conditions under which ILEC offers Broadband service in NECA Tariff #5 to Internet Service Providers ("ISP"). The Tariff explains customer rights and obligations, customer service, dispute resolution, deposits, billing and payment options, disconnection of service as well as cancellation of service options. Public inspection of NECA Tariff #5 can be found on NECA's website. Retail DSL rates, terms, and conditions for retail services are provided by the ISP.

Functionality in Emergency Situations:

Voice Network

Pursuant to 47 C.F.R. § 54.313(a)(6) and 47 C.F.R § 54.22(b)(4) as set forth in 47 C.F.R. § 54.202(a)(2) ILEC COMPANY NAME ("ILEC") meets the requirements to remain functional in emergency situations and has the following capabilities: Back-up power is provided to ILEC central offices by use of a generator and batteries that provide it with 8 to 12 hours of emergency power. In addition, ILEC field electronics have 8 to 12 hours of back-up power by use of generators and batteries. ILEC also has redundant links technology deployed in its core fiber optic network that is a self-healing and will automatically reroute traffic should a fiber cut occur. ILEC has also sufficient spare cards for its fiber optic network to provide almost instantaneous replacement should there ever be a card failure in the core network. ILEC also has proper staff in place to repair any fiber cuts in a timely manner. ILEC has connectivity with neighboring telephone exchanges as well as the LATA tandem to provide diverse options to reroute traffic should an emergency arise. ILEC has developed and trained its staff on network preparedness plans in case of emergency situations. ILEC is prepared and capable of managing traffic spikes resulting from emergency situations and has sufficient switching capabilities to handle such situations.

Voice Services Comparability Report

Pursuant to 47 C.F.R. § 54.313 (a) (10) InterBel Telephone Cooperative, Inc. (ITC) is in compliance with the requirement that voice services is no more than two standard deviations above the national average urban rate for voice service of \$47.48 as specified in Public Notice DA 16-362 issued on April 5, 2016. ITC's current total local end-user rate¹ of \$16 (which includes only a local fee, we have no mandated state fees and/or mandatory extended area service charges) is not above the standard deviation as specified in the USF/ICC Transformation Order.²

¹ Local End User Rate as defined in USF/ICC Transformation Order 26 FCC Rcd at 17751, Para. 238

² USF/ICC Transformation Order, 26 FCC Rcd at 17694, Para. 84 (footnote included) "The standard deviation is a measure of dispersion. The sample standard deviation is the square root of the sample variance. The sample variance is calculated as the sum of the squared deviations of the individual observations in the sample of data from the sample average divided by the total number of observations in the sample minus one. In a normal distribution, about 68 percent of the observations lie within one standard deviation above and below the average and about 95 percent of the observations lie within two standard deviations above and below the average."

SERVICE OFFERINGS
(Continued)

F. LOCAL SERVICE

1. Description

Local Service is provided through facilities owned and maintained according to the standards of the Company. Both residential and business lines have Extended Area Service (EAS) for the City of Eureka.

2. Terms and Conditions

- a. The application of business or residence rates is determined by the actual or obvious use made of the service by the customer. Where only one primary access line is provided at a location, which is solely business, the business rate will apply.
- b. The Company offers one-party line, single line services, which provide access to the central office switching equipment. Customer-premises equipment (CPE) and customer-premises inside wire is excluded.
- c. The Company reserves the right to limit the number of telephones or other terminal equipment connected to the one-party line inasmuch as they may affect the ability of the serving switching equipment to provide proper signaling and transmission.
- d. Local Service does not include Toll, Toll Service, or Message Toll Service.

Milestone Certification

Pursuant to 47 C.F.R. § 54.202(a) InterBel Telephone Cooperative, Inc. ("ITC") provides this certification it is taking reasonable steps to provide upon reasonable request broadband speeds of at least 10 Mbps downstream/4 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to offerings in urban areas as determined in an annual survey as specified in Public Notice DA 16-362, and that requests for such service are met within a reasonable amount of time. Details for how ITC is meeting its broadband goals and required obligations are specified within the FCC Form 481 annual filing.

30. Ending Cash		1,629,072

Revision Date 2010

INDEPENDENT AUDITORS REPORT ON COMPLIANCE WITH ASPECTS OF CONTRACTUAL AGREEMENTS AND REGULATORY REQUIREMENTS FOR TELECOMMUNICATIONS BORROWERS

Board of Directors
InterBel Telephone Cooperative, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of InterBel Telephone Cooperative, Inc. and subsidiary, which comprise the consolidated balance sheet as of December 31, 2015, and the related consolidated statements of income, members' equity, and cash flows for the year ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated February 1, 2016. In accordance with *Government Auditing Standards*, we have also issued our report dated February 1, 2016, on our consideration of InterBel Telephone Cooperative, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. No reports other than the reports referred to above and our exit memo related to our audit have been furnished to management.

In connection with our audit, nothing came to our attention that caused us to believe that InterBel Telephone Cooperative, Inc. failed to comply with the terms, covenants, provisions, or conditions on its loan, grant, and security instruments as set forth in 7 CFR Part 1773, *Policy on Audits of Rural Utilities Service Borrowers*, §1773.33 and clarified in the RUS policy memorandum dated February 7, 2014, insofar as they relate to accounting matters as enumerated below. However, our audit was not directed primarily toward obtaining knowledge of noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding InterBel Telephone Cooperative, Inc.'s noncompliance with the above referenced terms, covenants, provisions, or conditions of the contractual agreements and regulatory requirements, insofar as they relate to accounting matters. In connection with our audit, we noted no matters regarding InterBel Telephone Cooperative, Inc.'s accounting and records to indicate that InterBel Telephone Cooperative, Inc. did not:

- Maintain adequate and effective accounting procedures;
- Utilize adequate and fair methods for accumulating and recording labor, material, and overhead costs, and the distribution of these costs to construction, retirement, and maintenance or other expense accounts;

**INDEPENDENT AUDITORS REPORT ON COMPLIANCE WITH ASPECTS OF
CONTRACTUAL AGREEMENTS AND REGULATORY REQUIREMENTS FOR
TELECOMMUNICATIONS BORROWERS
(continued)**

- Reconcile continuing property records to the controlling general ledger plant accounts;
- Clear construction accounts and accrue depreciation on completed construction;
- Record and properly price the retirement of plant;
- Seek approval for the sale, lease, or transfer of capital assets and disposition of proceeds for the sale or lease of plant, material, or scrap;
- Maintain adequate control over materials and supplies;
- Prepare accurate and timely financial and operating reports;
- Obtain written RUS approval to enter into any contract, agreement, or lease with an affiliate;
- Disclose material related party transactions in the consolidated financial statements, in accordance with requirements for related parties in accounting principles generally accepted in the United States of America;
- Comply with the requirements for the detailed schedule of investments.

Our audit was made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The detailed schedule of investments in affiliated companies required by 7 CFR 1773.33(i), and attached to this letter, is presented for purposes of additional analysis and is not a required part of the basic consolidated financial statements. This information has been subjected to the auditing procedures applied in our audit of the basic consolidated financial statements, and in our opinion, is fairly stated, in all material respects, in relation to the basic consolidated financial statements taken as whole.

See attached Schedule of Investments in affiliated companies.

This report is intended solely to communicate, in connection with the audit of the consolidated financial statements, on compliance with aspects of contractual agreements and regulatory requirements for telecommunications borrowers based on the requirements of 7 CFR Part 1773, as clarified in the RUS policy memorandum dated February 7, 2014. Accordingly, this report is not suitable for any other purpose.

Moss Adams LLP

Spokane, Washington
February 1, 2016

INTERBEL TELEPHONE COOPERATIVE, INC.
RUS SCHEDULE OF INVESTMENTS IN AFFILIATED COMPANIES

	Tobacco Valley Communications, Inc.

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission's public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.

Name of Attached Document Listing Required Information _____

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.

Name of Attached Document Listing Required Information _____

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area.

Name of Attached Document Listing Required Information _____
