Report No. WT 98-31      WIRELESS TELECOM ACTION      September 15, 1998

COMMENTS INVITED ON NORTHERN CALIFORNIA AREA (REGION 6)  
PUBLIC SAFETY PLAN AMENDMENT  
(GEN. DOCKET NO. 90-287)

On November 20, 1990, the Commission adopted the Public Safety Plan for Northern California Region 6 governing the use of the frequency assignments in the 821-824/866-869 MHz bands.<sup>1</sup> The Plan was subsequently revised on July 22, 1992,<sup>2</sup> October 17, 1994,<sup>3</sup> and August 4, 1997. On March 6, 1998, the Northern California Region 6 Planning Update Committee submitted a proposed amendment to its Plan that would revise its current channel allotments. In accordance with the Public Safety National Plan, Region 6 is responsible for planning public safety radio frequency spectrum use in the 821-824/866-869 MHz bands for northern California.<sup>4</sup> The Commission is soliciting comments from the public before taking action.

Interested parties may file comments to the proposed amendment on or before October 1, 1998, and reply comments on or before October 16, 1998. Commenters should send original and five copies to the Secretary, Federal Communications Commission, Washington, D.C. 20554 and should clearly identify them as submissions to General Docket No. 90-287 Northern California Public Safety Region 6.

Questions regarding this public notice may be directed to Joy Alford, Wireless Telecommunications Bureau (202) 418-0680.
