CC Docket No. 96-45

CC Docket No. 97-160

Enclosed please find an original and one copy and one 3.5" computer diskette of Cincinnati Bell Telephone's response to the data request contained in the Order released by the FCC on August 7, 1998. Also enclosed is a "Designation of Confidential Information" form for Charts 4 and 5, in their entirety. Copies of both the paper report and diskettes have been forwarded to Sheryl Todd and ITS, per instruction in the Order.

As stated in our October 6, 1998 letter, Cincinnati Bell was unable to provide the information as requested for Chart 1 Line 1. This submission contains all of the requested data.

Please date stamp and return the enclosed duplicate copy of this letter as acknowledgement of its receipt. Questions regarding this document may be directed to Mr. Robert J. Wentz at the above address or by calling (513) 397-1248

Sincerely,

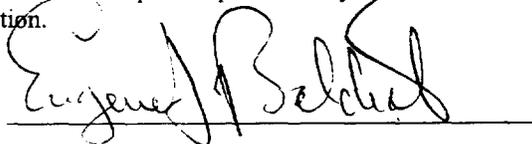

Cc: Sheryl Todd, Accounting Policy Division

DESIGNATION OF CONFIDENTIAL INFORMATION

I hereby certify that the information designated as confidential in the attached response(s) to the Revenue Benchmark Data Request is protected by Cincinnati Bell Telephone Company as confidential or financial information.

SIGNATURE:

TITLE: Vice President - Regulatory Affairs

ADDRESS: 201 E. 4th Street Room 102-910

Cincinnati, Ohio 45202

TELEPHONE: (513) 397-6699

FAX: (513) 397-2408

On a separate sheet of paper, please list the responses designated confidential, by chart number and column letter, a statement of reasons for withholding the information from the public record, and the facts on which the reasons are based.

Approved by OMB
3060-0842
Expires 2/28/1999
Burden hour per respondent: 250 average.

The lines specified below contain confidential marketing data, the disclosure of which would give Cincinnati Bell's current and potential competitors an unwarranted advantage. Current and potential competitors could use this information to evaluate the Cincinnati market for future business development and to target specific areas in their marketing plans to the detriment of Cincinnati Bell. Accordingly, all of the information specified below is closely guarded within Cincinnati Bell and is provided to those Cincinnati Bell employees only when it is necessary to carry out specific job responsibilities. For the foregoing reasons, Cincinnati Bell submits that the following information should be maintained as confidential by the Commission.

Revenue Benchmark Data Request

FCC MAIL ROOM

OCT 19 1998

RECEIVED

Approved by OMB

3060-0842

Expires 02/28/1999

Estimated Average Burden Per Response: 250 Hours

Notice to Individuals: Pursuant to Congress's directive in the Telecommunications Act of 1996 that the Commission establish support mechanisms to ensure the delivery of affordable telecommunication service to all Americans, the Commission determined on May 8, 1997 that universal service support for rural, insular, and high cost areas should be based on forward-looking economic costs. As part of the forward-looking economic cost methodology, the Commission determined that it would select two revenue benchmarks to calculate the amount of federal universal service support that eligible non-rural carriers should receive. The data request solicits information from non-rural local exchange carriers to calculate the revenue benchmarks that will determine the level of universal service support. Your response is mandatory. 47 C.F.R. §§ 0.91 and 0.291.

This data request will be used to assist the Commission in implementing the forward-looking economic cost methodology used to estimate the amount of universal service support that will be provided to eligible non-rural carriers beginning July 1, 1999.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid control number. The control number assigned to this collection is 3060-0842.

We have estimated that each response to this collection of information will take, on average, 250 hours. Our estimate includes the time to read the instructions, look through existing records, gather and maintain the required data, and actually complete and review the form or response. If you have any comments on this estimate, or how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0842). We also will accept your comments via the Internet if you send them to jboley@fcc.gov. Please DO NOT SEND COMPLETED RESPONSES TO THIS ADDRESS.

CERTIFICATION

I certify that I have been designated by the Company to attest to the accuracy of the information contained herein and that I have examined the foregoing and that to the best of my knowledge, information, and belief, all statements of fact contained in this report are an accurate statement of the affairs of the respondent with respect to the data and information set forth herein.

Revenue Benchmark Data Request

REVENUE BENCHMARK DATA REQUEST

We seek the following data to assist the Commission in developing residential and business revenue benchmarks for the federal methodology adopted in the *Universal Service Order* of May 8, 1997, that will help determine the level of high cost support non-rural carriers will receive beginning July 1, 1999. Because of the importance of the requested information in developing the revenue benchmarks, we ask that you perform a special study, in certain instances, if such a study is necessary to provide the specified information.

In Charts 1, 4, and 5 below, we ask for information about charges on the bills of your residential, single-line business, and multi-line business subscribers. Chart 1 asks for information for 1996, 1997, and the first quarter of 1998, broken down first by class of customer (residential, single-line business, and multi-line business), and then aggregated for all subscribers. Charts 4 and 5 ask for information only for the month of July 1998. In Charts 2 and 3, we ask for information about your interstate and intra-state switched access revenues for the month of July 1998.

Instructions:

- (1) Please use a different set of charts for each of your study areas.
- (2) Please note that we seek, whenever possible, only the revenues that you have billed, not the revenues that you have collected. Please indicate, in a footnote, if totals reflect booked, rather than billed, revenues.
- (3) Please note that we ask for total revenues from local service bills, including taxes and surcharges. If you do not include taxes in the calculation of total revenues from local service bills, do not include taxes in the total revenues from taxes and surcharges. Please indicate, in a footnote, if taxes are not included in the totals.
- (4) If you use footnotes, please explain the footnotes and identify the appropriate row and column on the page provided at the end of this document.
- (5) Please pay close attention to how we have defined terms, and contact Katie King or Bob Loube at 202-418-7400 if you have questions.
- (6) Please fill in only the shaded cells. Do not move or create cells, rows, or columns.
- (7) Note that some cells may be formatted to accept only responses provided in a certain format. Please comply with these constraints and do not adjust the formatting. **Unless otherwise specified, please enter numbers in thousands.** For example, please indicate five thousand dollars by entering only "5," rather than "5000." Do not include dollar signs, which will be added automatically, or digits after the decimal place, which will not be accepted in the cells. **Some cell headings, such as those for numbers of bills in Charts 4 and 5, will specify that whole numbers with all necessary digits should be entered.**
- (8) Note that we require you to file both paper and electronic copies of the completed spreadsheets. The paper copies must be signed on the previous page by an authorized representative of the company. Please see the filing procedures in the Order, DA-98-xxx, at paragraphs 7-12.
- (9) Responses to this data request are due **October 6, 1998.**

If you believe that your data should be withheld from the public file, please note that you must submit a request for confidential treatment of your data, consistent with section 0.459 of the Commission's rules, that includes your reasons for withholding your data, and facts upon which those reasons are based. 47 C.F.R. §47 0.459. Labeling disks or papers "Confidential" is not sufficient to request that your data be treated as confidential. Please see the filing procedures in the Order, DA 98-1576, at paragraph 8.

Revenue Benchmark Data Request

CHART 1: SUBSCRIBER BILLS -- DATA FOR 1996, 1997, and the 1st Quarter of 1998

Please provide the following data:

For each class of subscribers bills (residential, single-line business, and multi-line business), please provide the total annual revenues for the years 1996 and 1997, and total quarterly revenues for the first quarter of 1998 received from the following sources: **local service bills** (including taxes and surcharges), as defined below; taxes and surcharges (separated out from local service bills); **intraLATA (or equivalent) toll charges for services provided by your company or an affiliate**; the total number of subscriber bills, and the average number of switched lines for which a federal SLC is charged. If taxes are not included in the total revenues from local service bills, do not include taxes in the total revenues from taxes and surcharges, and please indicate in a footnote and a separate document that taxes are not included in the totals. Please indicate, in a footnote, if totals reflect booked, rather than billed, revenues, and include a separate document indicating the revenues for which booked, rather than billed, revenues are provided.

A **local service bill** includes flat or recurring monthly charges, extended area service (EAS) charges, local usage charges (message and minute), local mileage and zone charges, **federal and state subscriber line charges (SLCs)**, 911 charges, state universal service charges, and telecommunications relay services (TRS) charges, other mandatory charges, taxes and surcharges, second line charges, and charges for discretionary services. Please exclude from a local service bill charges carried over from previous months, connection charges, special construction charges, and deposits. Discretionary services include services such as touch-tone, call-waiting, call-forwarding, caller-ID, and other CLASS features, and exclude non-regulated services such as voice-mail, inside wiring, and yellow page ads.

For **Column B**, please calculate the average number of switched lines by taking the average of the following: the number of switched lines served for the class of subscribers on **December 31, 1995, March 31, 1996, June 30, 1996, September 30, 1996, and December 31, 1996**.

For **Column C**, please calculate the average number of switched lines in the same manner.

For **Column D**, please calculate the average number of switched lines by taking the average of the following: the number of switched lines served for the class of subscribers on **December 31, 1997** and the last day of each month in the first quarter of 1998.

Revenue Benchmark Data Request

CHART 2: INTERSTATE SWITCHED ACCESS REVENUES FOR JULY 1998

For each class of customer (residential, single-line business, and multi-line business), please provide total interstate switched access revenues for July 1998 received through: flat-rated charges to interexchange carriers based on the number of presubscribed lines, i.e., presubscribed interexchange carrier charges (PICCs); per-minute charges, including common line, switching and transport charges that are recovered on the basis of a per-minute charge; and per-call charges. In addition, please provide the total interstate access revenues for July 1998 received through flat-rated carrier-to-carrier charges.

For July 1998, please undertake a special study, if necessary, to determine the total number of interstate switched originating and terminating access minutes. In addition to total interstate switched access minutes, determine the number of such minutes originated and terminated by each class of customer (residential, single-line business, and multi-line business). Also, please include the average number of residential, single-line business and multi-line business switched lines in service during the study period, where the average is calculated by taking the simple average of the number of lines in service at the beginning of the study period and the number of lines in service at the end of the period.

	A	B	C	D	E	F
		Residential revenues	Single-line business revenues	Multi-line business revenues	Total revenues	Total calls or minutes
21	Flat-rated charges to IXCs based on number of presubscribed lines	\$409	\$12	\$516	\$937	
22	Per-minute charges	\$1,060	\$119	\$1,345	\$2,523	261,476
23	Per-call charges	\$39	\$4	\$49	\$92	307
24	Other IXC carrier-to-carrier flat-rated charges (excluding special access and IXC flat-rated charges based on number of presubscribed				\$441	
			Residential minutes or lines	Single-line business minutes or lines	Multi-line business minutes or lines	Total minutes
25	Originating Minutes		61,093	6,834	77,533	145,460
26	Terminating Minutes		48,727	5,450	61,839	116,016
27	Average Lines In Service		697	27	267	

Revenue Benchmark Data Request

CHART 3: INTRASTATE SWITCHED ACCESS REVENUES FOR JULY 1998

For each class of customer (residential, single-line business, and multi-line business), please provide total intrastate switched access revenues for July 1998 received through: flat-rated charges to interexchange carriers based on the number of presubscribed lines, such as, presubscribed interexchange carrier charges (PICCs); per-minute charges, including common line, switching and transport charges that are recovered on the basis of a per-minute charge; and per-call charges. In addition, please provide the total intrastate access revenues for July 1998 received through flat-rated carrier-to-carrier charges.

For July 1998, please undertake a special study, if necessary, to determine total number of intrastate switched originating and terminating access minutes. In addition to total intrastate switched access minutes, determine the number of such minutes originated and terminated by each class of customer (residential, single-line business, and multi-line business). Also, please include the average number of residential, single-line business and multi-line business switched lines in service during the study period, where the average is calculated by taking the simple average of the number of lines in service at the beginning of the study period and the number of lines in service at the end of the period.

	A	B	C	D	E	F
		Residential revenues	Single-line business revenues	Multi-line business revenues	Total revenues	Total calls or minutes
28	Flat-rated charges to IXCs based on number of presubscribed lines	\$205	\$7	\$82	\$294	
29	Per-minute charges	\$430	\$48	\$546	\$1,025	77,095
30	Per-call charges	\$27	\$3	\$35	\$65	217
31	(excluding special access and IXC flat-rated charges based on number of presubscribed lines)				\$206	
			Residential minutes or lines	Single-line business minutes or lines	Multi-line business minutes or lines	Total minutes

33	Terminating Minutes		14,440	1,615	18,325	34,380
34	Average Lines In Service		697	27	267	

Revenue Benchmark Data Request

CHART 4: SUBSCRIBER BILLS -- LOCAL SERVICE REVENUES FOR JULY 1998

For **July 1998**, please determine the category into which each **residential, single-line business, and multi-line business subscriber bill** falls based on the **total local service charges on that subscriber bill**. The **categories** specified in **Column A** correspond to the dollar amount for one local service bill. Please note that the dollar amount categories in Column A for multi-line business service bills are increased by a factor of ten.

A **local service bill** includes flat or recurring monthly charges, extended area service (EAS) charges, local usage charges (message and minute), local mileage and zone charges, **federal and state subscriber line charges (SLCs)**, 911 charges, state universal service charges, and telecommunications relay services (TRS) charges, other mandatory charges, taxes and surcharges, second line charges, and charges for discretionary services. Please exclude from a local service bill charges carried over from previous months, connection charges, special construction charges, and deposits. **Discretionary services** include services such as touch-tone, call-waiting, call-forwarding, caller-ID, and other CLASS features, and exclude non-regulated services such as voice-mail, inside wiring, and yellow page ads.

In **Column B**, please specify the total number of residential subscriber bills in each category.

In **Column C**, please specify the total revenue received from all residential subscriber bills in each category from flat monthly charges, extended area service charges, local usage charges, local mileage and zone charges, Federal and State SLCs, and second line charges.

In **Column D**, please specify the total revenue received from all residential subscriber bills in each category from discretionary charges such as touch-tone, call-waiting, call-forwarding, caller-ID, and other CLASS features. Please exclude charges for non-regulated services such as voice-mail, inside wiring, and yellow page ads.

In **Column E**, please specify the total revenue received from all residential subscriber bills in each category from taxes, surcharges, and other mandatory charges such as 911 charges, state universal service charges, and TRS charges. If taxes are not included in column F, do not include taxes in Column E, please indicate in a footnote and in a separate document that taxes are not included in the totals.

In **Column F**, please specify the total revenue received from all residential subscriber bills in each category from local service charges (i.e., sum of columns C, D and E).

In **Column G**, please specify the total number of switched lines for which a federal SLC is collected for all residential subscriber bills in each category.

In **Column H**, please specify the total number of switched party lines for all residential subscriber bills in each category.

CHART 5: SUBSCRIBER BILLS -- LOCAL SERVICE AND INTRALATA TOLL REVENUES FOR JULY 1998

For **July 1998**, please determine the category into which each **residential, single-line business, and multi-line business subscriber bill with intral.ATA (or equivalent) toll charges** falls based on the total local service and intral.ATA toll charges on that subscriber bill. The categories specified in **Column A** correspond to the dollar amount for one local service bill with intral.ATA (or equivalent) toll charges. Please note that the dollar amount categories in Column A for multi-line business data are increased by a factor of ten. For the purposes of this data request, a total bill includes a local service bill, as defined above, and **amounts charged for services provided by your company, or an affiliate, for intral.ATA (or equivalent) toll services.** (Do not include amounts collected on behalf of other telephone companies)

In **Column B**, please specify the total number of residential subscriber bills in each category.

In **Column C**, please specify the total revenue received from all residential subscriber bills in each category from local service bills.

In **Column D**, please specify the total revenue received from all residential subscriber bills in each category from intral.ATA (or equivalent) toll services.

In **Column E**, please specify the total revenue received from all residential subscriber bills in each category from total bills for local service and intral.ATA (or equivalent) toll services (i.e., sum of column C and column D).

In **Column F**, please specify the total number of switched lines for which a federal SLC is collected for all residential subscriber bills in each category.

In **Column G**, please specify the total number of switched party lines for all residential subscriber bills in each category.

Revenue Benchmark Data Request

Footnotes

No.	Text	Rows	Columns
1	Jan. thru June of 1996 was not available. CBT multiplied the July thru December revenues by 2.	3,8,13,18	B
2	Jan. thru June of 1996 was not available. CBT annualized the local service bills for the 3rd & 4th qtrs.	4,9,14,19	B
3	Jan. thru June of 1996 was not available. CBT annualized the switched lines charged a SLC using 3rd & 4th qtrs	5,10,15,20	B
4	Distribution of Revenue and MOU (Originating and Terminating); CBT does not have the detail to split its MOU sensitive or call sensitive data between Residence, Single Line Business and Multi-Line Business. CBT utilized the data from the AT&T August 13,1998 press release, specifically the data on Attachment B (Consumer and Business Market MOUs) as a surrogate for its RES and BUS splits. In order for CBT to split its Business detail into SLB and MLB, it used its PICC data to develop percent splits. CBT's calls were derived by dividing the total revenue by the DA-MSG rate.	22,23,25,27	
5	Distribution of Revenue and MOU (Originating and Terminating); CBT does not have the detail to split its MOU sensitive or call sensitive data between Residence, Single Line Business and Multi-Line Business. CBT utilized the data from the AT&T August 13,1998 press release (Audit confirms AT&T's LD prices declined by more than access fee reduction), specifically the data on Attachment B (Consumer and Business Market MOUs) as a surrogate for its RES and BUS splits. In order for CBT to split its Business detail into SLB and MLB, it used its PICC data to develop percent splits. CBT's calls were derived by dividing the total revenue by the DA-MSG rate.	29,30,32,33	
6	Jan. thru Sep. data was unavailable. CBT compiled 1996 data by annualizing the 4th quarter data for 1996.	1	B

DOCUMENT OFF-LINE

This page has been substituted for one of the following:

- o An oversize page or document (such as a map) which was too large to be scanned into the RIPS system.
- o Microfilm, microform, certain photographs or videotape.
- o Other materials which, for one reason or another, could not be scanned into the RIPS system.

The actual document, page(s) or materials may be reviewed by contacting an Information Technician. Please note the applicable docket or rulemaking number, document type and any other relevant information about the document in order to ensure speedy retrieval by the Information Technician.
