Subject: Comments to Commissioner Ness

Mr. Jerry Silver (soft@ix.netcom.com) writes:

Dear Commissioner Ness,

I really hope that I am not wasting my time in doing this. I am extremely upset when I was notified by my Satellite company that they are going to stop sending me Fox and CBS. What are you thinking? I cannot receive clearly any of the local stations. Yes I do have an antenna. It looks like I am in the sixties what with all the ghosts and fading. I have spent enough money to get the satellite system. I do not like Time Warner (Which has bought up ALL the local cable companies). WHY SHOULD THEY BE ALLOWED TO BROADCAST LOCAL STATIONS AND SATELLITES SYSTEM CAN'T? Again, What were you thinking. I you getting a kick back or something.

Sincerely and angry

Jerry Silver
