Dear Ms. Salas:

On Friday, November 20, 1998, Lon Levin, Vice President and Regulatory Counsel for AMSC Subsidiary Corporation ("AMSC") spoke with Thomas Tycz, Chief of the Satellite and Radiocommunication Division, International Bureau to discuss the adverse impact on AMSC's access to spectrum if the Commission were to grant pending applications to use foreign-licensed satellite systems that operate on frequencies assigned to AMSC. The substance of AMSC's views are a matter of record in these proceedings.

Two copies of this Notice for each of the above-captioned proceedings are being submitted to the Secretary of the FCC in accordance with the Commission's Rules. Please direct any questions regarding this matter to the undersigned.

Very truly yours,

Lon C. Levin
