HOMER G. AND RHADDEAN WYATT FILE THESE COMMENTS ON NOVEMBER
25, 1998, IN THE FCC WT DOCKET MR. 98-143.

WE DO NOT APPROVE OF THE ARRL PROPOSAL. WE HAVE ALWAYS
RELIED ON THE FCC TO DO THE RIGHT THING FOR AMATEUR
RADIO. PLEASE DO NOT DUMB DOWN AMATEUR RADIO. REDUCING
THE NUMBER OF AMATEUR LICENSE CLASSES IS UNDERSTANDABLE.
ANY AMATEUR WHO OPERATES A TRANSMITTER ON HF SHOULD HAVE
A GOOD UNDERSTANDING OF THE MORSE CODE.

MORSE CODE IS NOT DEAD!

WE SEE NO REASON TO CHANGE THE SUB BANDS, EXPANDING PHONE
FREQUENCIES AND CROWDING THE CW OPERATORS INTO A SMALLER
SECTION OF EACH BAND. CW OPERATORS, BEING THE GENTLEMEN
THEY ARE, DO NOT WANT TO CAUSE FRICTION WITH OTHER MODES
OF COMMUNICATION.

HOPE YOU HAD A NICE THANKSGIVING.
