

Personally I don't want a gaudy 25 foot antenna dwarfing my house (Which I already have) and being an eyesore when a better and more convenient source ALREADY comes to my Satellite receiver NOW. I still tune in to local channels for news and LOCAL events.... but for everything else I'd like the choice to be MINE as to who provides me the signal.... PLEASE consider my comments here....

I was informed I could request a waiver from your station to allow me to
