In Re: WT Docket No.96-198:

Dear Ms. Salas:

On December 16, 1998 representatives for Motorola met with Elizabeth Lyle of the Wireless Telecommunications Bureau. The participants were Mary Brooner and Al Lucas of Motorola.

Motorola discussed the status of the rulemaking with Ms. Lyle and our views that the FCC should adopt a product line approach to implementing Section 255 of the Telecommunications Act. Should you have any questions on this matter please contact me at (202) 371-6900.

Sincerely,

Mary Brooner
Asst. Director, Telecommunications
Strategy and Regulation
