Subject: FCC Ruling for PrimeTime 24 subscribers

AK201

To whom it may concern,

My husband and I live in a valley in a very rural area of southern California. Our only access to TV is through our Satellite. In fac, we had to try with a regular antennae when we first moved here to proove to them that we could not receive anything. NBC we receive from L.A. however ABC is from Seattle and CBS is from San Francisco. If the federal court orders PrimeTime 24 to terminate CBS and Fox programming to us we will loose a lot of our favorite TV programs. Please consider these factors when deciding eligibility for satellite network service.
