## ORDER

Adopted: February 16, 1999

Released: February 17, 1999

By the Chief, Competitive Pricing Division, Common Carrier Bureau:

1. On February 4, 1999, Ameritech filed Transmittal No. 1189 to revise its Tariff F.C.C. No.2. Transmittal No. 1189, currently scheduled to be effective February 19, 1999, proposes, among other things, to introduce a new option to this virtual collocation offerings. Specifically, Ameritech is proposing to introduce the Entrance Facility Jumper Option to its Virtual Optical Interconnection Service. No petitions have been filed against this transmittal.

2. We find that, because Transmittal No. 1189 raises the same issues regarding rate levels, rate structures, and terms and conditions of service as those identified in the *Virtual Collocation Tariff Suspension Order*, Transmittal No. 1189 is suspended for one day, following the effective date, and will be subject to the investigation initiated in the *Virtual Collocation Tariff Suspension Order*.<sup>1</sup> This transmittal will also be subject to an accounting order to facilitate any refunds that may later prove to be necessary.

3. Accordingly, **IT IS ORDERED** that, pursuant to Section 204(a) of the Communications Act of 1934, as amended, 47 U.S.C § 204(a), and Section 0.291 of the Commission's Rules, 47 C.F.R. § 0.291, the revisions to Ameritech Tariff F.C.C. No. 2, filed under Transmittal No. 1189, ARE SUSPENDED for one day from the effective date and an investigation of the referenced tariff transmittal **IS INSTITUTED**.

4. **IT IS FURTHER ORDERED** that Ameritech SHALL FILE tariff revisions within five business days of the release date of this Order to reflect this suspension.

<sup>1</sup> Ameritech Operating Companies, et al., CC Docket No. 94-97, Order, 10 FCC Rcd 1960 (1994)(*Virtual Collocation Tariff Suspension Order*). The *Virtual Collocation Tariff Suspension Order* suspended for one day and initiated an investigation of the virtual collocation tariffs filed on September 1, 1994, by the Tier I local exchange carriers subject to expanded interconnection requirements. In the *Phase II Designation Order*, the Common Carrier Bureau designated issues for investigation regarding the rate levels, rate structures, and terms and conditions of service, for the second phase of the investigation of the LEC's virtual collocation tariffs. *Local Exchange Carriers' Rates, Terms and Conditions for Expanded Interconnection Through Virtual Collocation for Special Access and Switched Transport*, CC Docket No. 94-97, Phase II, Order Designating Issues for Investigation, 10 FCC Rcd 11116 (1995) (*Phase II Designation Order*).

5. **IT IS FURTHER ORDERED** that, for the above purposes, we waive Sections 61.58, and 61.59 of the Commission's Rules, 47 C.F.R. §§ 61.58, and 61.59. Ameritech should cite the "DA" number of the instant Order as the authority for this filing.

6. **IT IS FURTHER ORDERED** that, pursuant to Section 204(a) of the Communications Act of 1934, as amended, 47 U.S.C. § 204(a), Ameritech shall keep accurate account of all amounts received by reason of the rates that are the subject of this investigation.
