WALTER V. PURNELL, JR.
PRESIDENT AND CEO

William E. Kennard
Chairman
Federal Communications Commission
445 12th Street, S.W.
Washington, D.C. 20554

Dear Chairman Kennard:

Thank you for inviting American Mobile Satellite Corporation to participate in the FCC hearing on phone service to rural Native American populations. I was encouraged to hear the creative ideas to address this serious problem.

As promised in my testimony, American Mobile will bring forward an aggressive proposal to serve the rural Native American population. I look forward to meeting you to discuss the proposal in more detail as well as ideas on how changes in the allocation methodology of the Universal Service Fund can help bring service faster to rural Native Americans. I also hope to have the opportunity to encourage you to continue the FCC's long standing support of American Mobile's effort to secure access to 10 MHz of licensed spectrum so that American Mobile can better serve rural Native Americans and other segments of the United States' population.

Pursuant to FCC rules, this letter will be filed in the appropriate dockets.

I will contact your office soon to schedule a meeting.

Sincerely,

Walter V. Purnell, Jr.
