Re: Access to network TV via satellite.

As a viewer located in an area where reception is poor to fair, and as a frequent RV traveller, I feel it is a gross injustice to be deprived of access to network programming. In my case, -and in the case of many others-, there is little choice.

I believe I speak for the majority when I say that I would rather watch a local network station if at all possible. Obviously, the local newscasts and advertising are meaningful and revelant. However, it seems grossly unfair to discriminate against a group of people purely because they live in an area of poor reception or choose to live the RV lifestyle.

Therefore, I urge you to review the proposals of the networks and come to the aid of those who are adversely affected.

Yours truly,

Max W. Crowell
