Re: Ex Parte Presentation; WT Docket No. 92-235

Dear Ms. Salas:

In accordance with Section 1.1206(b)(2) of the Commission's rules, please be advised that Messrs. Guy Kelnhofer and Mark Christensen of Johnson Data Telemetry Corporation, together with their undersigned counsel, made a presentation to John Borkowski, Michael Wilhelm and Ira Keltz of the Public Safety and Private Wireless Division, Wireless Telecommunications Bureau, to discuss alternatives for seeking refinement of the proposed 450 MHz Low Power Channel Allocation Plan submitted to the Commission in the above-referenced proceeding by the Land Mobile Communications Council ("LMCC").

The purpose of the visit was to seek input and comment from the above-named FCC staff members on the current status of the LMCC Low Power Plan and the feasibility of introducing changes to the frequency designations and restrictions identified in that Plan. Also, the representatives of Johnson Data Telemetry Corporation apprised the Commission's staff members of the procedural options under consideration by Johnson Data for requesting changes to the Plan.
