Programming

Programming

The Coon Rapids Cable TV Department is Expanding Our Horizons! When the new City Center Complex was built, the City Council included production facilities and equipment for Cable TV. At the beginning of 1997, Coon Rapids pulled out of an 8-City Cable Commission and became a single Cable TV community access entity. The City Council approved taking over public access from Media One, allowing the City to expand programming to three separate channels, Channel 15, 16 and 57. Our horizons have expanded from being public access to Community Access. During 1997, the City's Cable TV Department produced over 150 different programs. The City does not use general tax dollars for this activity, but generates department funding from the 5% franchise fee and a \$1.50 PEG (Public, Educational and Government) fee. Over the years, the City has received numerous awards from the National Alliance for Community Television for its excellence in productions.

The production facility located in the City Center complex is used to produce a variety of programming, including CRNews, City Council Comments (Mayor's review of Council Meetings), City Council, Planning Commission and Park and Recreation meetings. The City recently received delivery of a new mobile production van which will be used to cablecast sporting events, parades, concerts and other community events. The mobile van is equipped with three digital cameras, specialized editing and production equipment, plus heating and air conditioning to allow for use the year round. To view the new [mobile production van](#), click here.

Cable TV Control Room - This room is used to tape Council, Planning Commission and Park & Recreation Meetings. It is also used to program playbacks.

Channel 15 is the new Community Television Network (CTN).

Some of the programs found on this channel include CR News, Conversations, Minnesota/Anoka County Extension Services Program (ACES), Public Safety, Health and Environmental Issues and Community Focus.

Channel 16 is strictly the Government Channel. Programs on Channel 16 include City Council Meeting, Planning Commission and Park & Recreation Commission Meetings, Anoka County Today, City Council Comments and other government related programming.

Channel 57 is the Interactive Information Alpha Channel. Using the telephone, a viewer dials the phone number displayed on the screen (767-6416), then enters the three digit number to index specific information. Within a few seconds the information requested will appear on your television screen. An easy step by step guide is found on the channel itself.

Hestia's Children, Inc.
242 Northdale Boulevard NW
Coon Rapids, MN 55448
(612) 754-6489

Mission Statement

Hestia's Children* will provide a strong mentoring program combined with clean, safe, affordable housing without duplicating existing community resources.

Description

Hestia's Children was founded in 1996 to provide a supportive, nurturing environment for mothers with dependent children. Mentors and other volunteers will provide on going support and guidance for these families as they make the transition to self-sufficiency.

The objective of this five-year program is to provide an environment for these families to realize their full potential as members of society.

Target Population

This program is initially limited to residents of Anoka County. Our target population are those families who are on the "borderline" for requiring public assistance. A woman earning \$10.00 per hour, for example, may be disqualified from public assistance. Realistically, this woman will have a very difficult time providing food, clothing, and shelter for her family.

More importantly, the degradation and endless cycle of frustration will be avoided

Services

Each unit of two families has a primary mentor who, in addition to providing ongoing guidance and support, will coordinate participant's use of community resources. Such community resources may include:

- conflict management and resolution training
- career assessment and training
- parenting classes
- purchasing and preparing nourishing meals
- financial planning and budgeting

- home maintenance
- community volunteer opportunities

During this five year program, affordable housing will be provided.

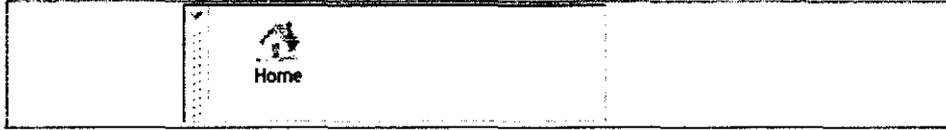

Referrals will come primarily from community action programs.

* **Hestia** - In Greek mythology, Hestia was the Goddess of the hearth. Her role was left over from earlier times when the hearth of the clan mother was the first fire altar and her housewifery functions of fire-keeping, food preparation and creating the sacred center of clan life were considered the holiest of human activities
