REPLY COMMENT

The Renaissance Community Improvement Association, Inc. has no objection to the counter proposal made by Fatima Response, Inc. Under the counter proposal, Renaissance Community Improvement Association, Inc. would just use FM channel 265A instead of FM channel 235A.

The Fatima Response counter proposal:

- 1) Resolves the mutual exclusive problem between the two NCE applications at Keno, Oregon.
- 2) Resolves the mutual exclusive problem between the commercial and the NCE applicants at Merrill, Oregon.
- 3) Provides the owner of the construction permit at Malin, Oregon, with a more acceptable frequency.
- 4) Provides the owner of the construction permit at Lakeview, Oregon, with an acceptable frequency.

The Fatima Response counter proposal appears to revolve all allocation problems in South Central Ortegon.
