Re: Low-Power Radio Station Licenses

Gentlemen:

Would you please send me the information or forms to be considered for licenses for low-power radio stations - which the FCC is contemplating.

We have experience in producing and airing programs - just cannot get suitable time and prices on most stations.

We would like to be able to have a low-power station playing twenty four hour religious music in as many cities of 30,000, or less, population as possible.

Thank you,

Dennis L. Carmichael
