

The FCC should assure that the recently assigned line numbers in the 555 NXX (Exchange) are required to be activated by all local exchange carriers (LECs) for both Exchange and Access services, as agreed by the Industry in ATIS/NIIF 0012, ATIS/NIIF 0005, ATIS/OBF 1038, and ATIS/INC "555 Assignment Guidelines", and ATIS/NIIF "555 Technical Service Interconnection Arrangements", as 7-digit dialed national numbers (as authorized by FCC Order 99-243 on 10/21/99).

555 NXX line numbers are nationally administered by the NANPA (North American Numbering Plan Administration).
