**Re: Written Ex Parte Communication in ET Docket
Nos. 98-206, RM-9147, and RM-9245**

Dear Ms. Salas:

On Friday, December 3, 1999, SkyBridge submitted to the FCC a written ex parte presentation that included the Report of the final ITU-R Conference Preparatory Meeting ("CPM") for the 2000 World Radiocommunications Conference. In addition, a number of the submissions and outputs of the various ITU-R study groups that contributed to the outcome of the CPM were included with the December 3 filing.

It was indicated in the transmittal letter that accompanied the December 3 filing that CD-rom copies of the documents would be provided to specified members of the Commission's staff; the transmittal letter identified certain of the subject documents that are not available in electronic format and thus would not appear in the CD-rom version of the filing. SkyBridge hereby notifies the Commission that it is distributing the CD-rom versions of the ex parte filing to the relevant Commission staff today; one copy thereof is submitted herewith. It should be noted that, in addition to the documents identified in the December 3 letter as being unavailable for inclusion on the CD-rom, one additional document (4A/272, a WP 4A document that addresses GSO FSS earth station antenna patterns) could not be included on the CD-rom.
