NOTICE OF PROPOSED RULE MAKING

Adopted: November 10, 1999

Released: November 22, 1999

Comment Date: January 13, 2000

Reply Date: January 28, 2000

By the Chief, Allocations Branch

1. Before the Commission for consideration is a multiple docket Notice of Proposed Rule Making setting forth separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Rules. Each petitioner has stated that it will apply for its requested channel, if allotted. We believe that each proposal warrants consideration because it complies with our technical requirements and would serve the public interest.

2. This is a multiple docket Notice of Proposed Rule making issued in response to a Commission Public Notice released October 2, 1998 (DA 98-1987). We are combing separate FM allotment proposals into a single Notice of Proposed Rule Making. Each proposal has its own docket and rule making number and the Commission's Reference Center will maintain a separate file for each docket. As discussed in the Public Notice, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions. We request comments and/or counterproposals to the following proposals:

A. MM Docket No. 99-334, RM-9772

Petitioner: Escanaba License Corp.

Lyle R. Evans, President Escanaba License Corp. 1101 A. Ludington Street P. O. Box 217 Escanaba, Michigan 49829	Denise B. Moline 100 Carpenter Drive, Suite 100 Sterling, Virginia 20167 (Counsel for Escanaba License Corp.)

Proposal: Allot Channel 260A at Carney, Michigan, as the community's first local FM broadcast service.

Community	Present	Proposed
Carney, Michigan	-----	260A

Coordinates: 45-35-30 NL and 87-39-37 WL

Additional Information: Channel 260A can be allotted to Carney with a site restriction 7.8 kilometers (4.9 miles) west of the community. Canadian concurrence will be requested for the proposal for Carney. Carney, located in Menominee County, is an incorporated community with a post office and zip code and a population of 197 people according to the 1990 census and 236 people according to the 1980 Census. Although Escanaba License Corp. has stated that Carney is administered by a Village President and three council members, has its own municipal water and sewer system, fire station, library, churches, public school system, and that Carney's business and professional community provides goods and services to residents of Carney and vicinity, it failed to provide names and addresses for council members or identify the local businesses with names and addresses. Parties filing comments are requested to present the Commission with specific information to demonstrate that Carney has the social, economic and governmental indicia to qualify it as a "community" for allotment purposes. See Gretna, Marianna, Quincy and Tallahassee, Florida, 6 FCC Rcd 633 (1991) and cases cited therein. To support community status, parties could provide names of businesses which contain "Carney" in their names, excerpts from a telephone book showing Carney's separate telephone exchange, a list of industries with addresses, name and address of the mayor, council members, evidence that rural residents view Carney as a center for shopping and medical services, name and address of schools, parks, civic associations, or any additional information to support community status. Failure to provide the requested information will result in a denial of the proposal.

B. MM Docket No. 99-335, RM-9771

Petitioner: Café Broadcasting, Inc.¹

¹ Although petitioner's request was signed, he failed to include an affidavit verifying that the statements contained in the petition were accurate to the best of his knowledge. Section 1.52 of the Commission's Rules requires that the original of any document filed with the Commission by a party not represented by counsel shall be signed and verified by the party and his/her address stated. In the absence of such verification, the petition may be dismissed. Section 1.401(b) of the Commission's Rules concerning rule making proceedings places petitioners on notice that their proposal must conform with the requirements of Section 1.52 regarding subscription and verification. Additional Information: Channel 223A can be allotted to Rocksprings with a site restriction 11.9 kilometers (7.4 miles) northwest of the community. Since Rocksprings is located within 320 kilometers of the U.S.-Mexican border, concurrence of the Mexican government will be requested for this allotment. Additionally, we find that Rocksprings is an incorporated community in Edwards County with a population of 1,339 people according to the 1990 U.S. Census. Rocksprings is the County Seat for Edwards County and has its own post office and zip code (78880).

Shiner, Texas	-----	232C3

Coordinates: 29-28-50 NL and 97-19-10 WL

² Wagonwheel filed a petition for rule making on December 10, 1998, requesting the allotment of Channel 290C2 at Santa Anna, Texas, which conflicted with counterproposals filed in MM Docket No. 98-198, Cross Plains, Texas. See 13 FCC Rcd 20965 (1998). On August 4, 1999, Wagonwheel withdrew its interest in Channel 290C2 at Santa Anna and requested the allotment of Channel 288C3 in lieu of Channel 290C2.

Additional Information: Channel 232C3 can be allotted to Shiner, Texas, in compliance with the Commission's spacing requirements provided there is a site restriction 15.5 kilometers east of the community. Since Shiner is located within 320 kilometers of the U.S.-Mexican border, concurrence of the Mexican Government will be requested for this proposal. Shiner is an incorporated community in Lavaca County with its own post office and zip code (77984) and a 1990 Census population of 2,074 people.
