

Dear Ms. Salas:

On February 9, 2000, Suzanne Hutchings of Teledesic LLC spoke with Adam Krinsky, Legal Advisor to Commissioner Gloria Tristani, to discuss matters related to the 18 GHz blanket licensing proceeding. The discussion addressed issues related to the compensation measures for relocation of the terrestrial fixed service. Teledesic suggested that existing relocation policies should be based on the remaining useful life of the equipment, and that compensation rules in the proceeding should reflect the fact that both satellite and terrestrial services will benefit under the proposed band plan.

Pursuant to section 1.1206 of the Commission's rules, I am filing an electronic copy of
this letter with your office. Please contact me with any questions.

Sincerely,

Suzanne Hutchings
Regulatory Counsel
