**\*Due to an administrative error the original public notice, Report No. 2377, had not been published in the Federal Register before the correction to that public notice was subsequently published in the Federal Register on January 21, 2000 (65 FR 3451). Since the correction basically canceled the previous listing of the above mentioned proceeding on Report No. 2377, released January 7, 2000, we are issuing this public notice to afford all interested parties ample time to address the issues raised in the petitions for reconsideration. Moreover, this action will permit the information to be properly published in the Federal Register.**
