**RE: Ex Parte Communication in CS Docket No. 95-184**

Dear Madam Secretary:

On Friday, May 5, 2000, the undersigned had a telephonic discussion with Mr. Carl Kandutsch of the Cable Service Bureau. The discussion related to Cable Services Bureau Docket No. 95-184 – The Second Further Notice of Proposed Rulemaking, In the Matter of Telecommunications Services and Inside Wiring and addressed perpetual contracts, exclusive contracts and state mandatory access statutes. The substance of my comments was consistent with and did not go beyond previous written and oral communications with Mr. Kandutsch and other staff members of the Cable Services Bureau.

Sincerely yours,

*William J. Burhop*  
William J. Burhop  
Executive Director
