Re: Billings

Dear Mike:

As the end of the year approaches, it is important that we bring the various accounts we have with you current. I have just signed off on statements for time through the end of October, giving us the following receivable amounts:

| <u>Client</u> | <u>October Bill</u> | <u>Total Receivable</u> |
|---------------|---------------------|-------------------------|
| Partel | \$ 1,035.35 | \$59,099.28 |
| Desert 31 | -- | 4,907.56 |
| Reading | 4,920.97 | 14,645.20 |

With regard to Partel, attached is a breakdown by project. I am particularly concerned about this account because of its magnitude. To date, our total payment on that account has been only \$5,900.00. We simply will be unable to continue to work on any of those projects unless the account is brought current very quickly.

Desert 31 is also a problem. We have never received any payment on that account. We simply must be paid.

Reading's numbers are a little misleading. The actual account receivable is now \$17,645.20. However, we have \$3,000.00 which we have received on account and are holding. I realize you are operating under certain constraints and will not be fully free until after you are out of the bankruptcy. I would, however, appreciate it if you could advise me of what your plans are for payment.
