Re: Coalition for Affordable Local and Long Distance Service Proposal –  
CC Dockets 96-262, 94-1, 96-45, 99-249

Dear Ms. Salas:

On June 8, 2000, Bob Blau and Mary Henze (of BellSouth) and I (on behalf of the Coalition for Affordable Local and Long Distance Service) met with Lorraine Miller, Chief, Consumer Information Bureau, Karen Peltz Strauss, Deputy Chief, Consumer Information Bureau, and Peter Friedman, Assistant Chief, Consumer Information Bureau. We stated that CALLS ILECs would be including messages in customers' bills describing the changes. The amount of information that can be conveyed in bill messages is extremely limited because of legal and operational constraints. We also stated that companies were preparing to be able to answer specific consumer inquiries regarding changes in the bills. We further stated that the CALLS members are continuing to assess how they can help consumers understand the importance of inventorying their communications needs before selecting calling plans, and the availability and qualifications for Lifeline service.

In accordance with the rules, a copy of this letter is being filed electronically in each of the above-captioned dockets.

Sincerely,

A handwritten signature in black ink, appearing to read "John T. Nakahata".

John T. Nakahata

Counsel to the Coalition for Affordable Local and  
Long Distance Service

JTN/krs
