Re: U S WEST Communications, Inc. and Citizens Utilities Company Joint
Petition for Waiver of the Subscriber Carrier Selection Change
Provisions of the Telecommunications Act of 1996
CC Docket No. 94-129

Dear Ms. Salas:

This letter is being filed pursuant to a request from Jon Bernstein, Accounting Policy Division. On April 7, 2000, U S WEST Communications, Inc. ("U S WEST")¹ and Citizens Utilities Company ("Citizens") filed a Joint Petition for Waiver of the subscriber carrier selection change provisions of the Telecommunications Act of 1996 ("Joint Petition"), requesting that the Federal Communications Commission ("Commission") grant a limited waiver of the authorization and verification requirements of the Commission's carrier-change rules. This waiver would permit Citizens to be substituted as the local and local, long distance carrier for certain of U S WEST's current customers across service territories in ten states over the next two years. Mr. Bernstein has requested clarification of several issues raised by this filing.

Affected customers in Idaho, Iowa, Nebraska, North Dakota and Washington have already been notified of this pending change in carriers.² These initial

¹ On June 30, 2000, U S WEST, Inc., the parent and sole shareholder of U S WEST Communications, Inc. merged with and into Qwest Communications International Inc. Further, on July 6, 2000, U S WEST Communications, Inc. was renamed Qwest Corporation.

² Approximately 17,000 customers in North Dakota were notified during the week of Nov. 22, 1999; approximately 34,000 customers in Idaho and Washington were notified during the week of Dec. 6, 1999; approximately 51,000 customers in Iowa were notified during the week of Apr. 3, 2000; and approximately 14,600 customers in Nebraska were notified during the week of Apr. 10, 2000. See U S WEST/Citizens' Section 63.71 Application Concerning 32 Iowa Exchanges, NSD File No. WPD-

No. of Copies rec'd _____
List A B C D E 014

Ms. Magalie Roman Salas

Page 2

notifications were done as part of U S WEST's application requesting authority under Section 214(a) of the Communications Act of 1943, 47 U.S.C. § 214(a), and Section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue operations in these exchanges. Affected customers in the remaining states will be notified as required by state regulatory commissions or when state approval is imminent.

Although the language contained in each notification varied, in compliance with Section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, all notifications advised customers that the Commission will normally authorize this proposed transfer of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. All future notices will contain language that states something along the following lines:

All services, including local basic service and long distance service, previously provided to you by U S WEST will be provided to you in the future by Citizens Communications. As always, to the extent there are alternative providers, you remain free at any time to select the local basic or local, long distance provider of your choice. Any long distance provider, other than U S WEST, that you subscribe to today will remain your long distance provider after Citizens Communications becomes your basic service provider. Once again, no action is necessary on your part.

The notices that were already sent to customers in Iowa and Nebraska contained substantially similar language to that quoted above. The notifications sent out to date are attached hereto as Exhibit A.

The Joint Petition also advised that once the sales are completed Citizens will be communicating directly with the customers through a welcome letter, a draft of which is attached as Exhibit B. This welcome letter will inform customers that: 1) as a result of the transfer, they are now Citizens customers, but they may switch to another provider, if one exists, at any time; 2) any long distance provider, other than U S WEST, that they subscribe to today will remain their long distance provider after Citizens becomes their basic service provider; 3) as customers of Citizens, they will receive the same or better rates, terms, and conditions that they

464, filed Apr. 13, 2000 at Attachment B; U S WEST/Citizens' Section 63.71 Application Concerning 14 Nebraska Exchanges, NSD File No. WPD-468, filed Apr. 20, 2000 at Attachment B; U S WEST/Citizens' Section 63.71 Application Concerning Eight North Dakota Exchanges, NSD File No. WPD-444, filed Nov. 24, 1999 at Attachment B; and U S WEST/Citizens' Section 63.71 Application Concerning Eight Idaho Exchanges, NSD File No. WPD-452, filed Dec. 17, 1999 at Attachment B.

Ms. Magalie Roman Salas

NOTICE OF INTENT TO SELL EXCHANGES

November 19, 1999

Dear Customer:

For more than eight decades U S WEST and our predecessor, Northwestern Bell, have valued the opportunity to serve you and our other customers in your area. We have worked with you and for you -- in your homes, businesses, schools and governments -- to provide good service to you and your community. Thank you for these opportunities.

Dramatic changes in the telecommunications industry have made it necessary for us to adopt new strategies and approaches. The difficult decision to sell service areas is one measure we've undertaken to strengthen our industry's ability to serve all customers better in the future. This decision also allows us to better meet demands during these competitive times.

U S WEST has reached an agreement to sell our facilities serving eight North Dakota communities, including the facility that serves you, to Citizens Utilities Company. On the reverse of this Notice you will find a complete list of the communities served by these exchanges. Once this sale is completed, Citizens Utilities Company's subsidiary, Citizens Communications, will begin providing local telephone service to you and others in your community who were previously served by U S WEST.

We are confident that Citizens Communications possesses the ability and experience necessary to meet your future telecommunications needs. We are confident, too, that the transfer of service to Citizens Communications will be a completely smooth and seamless transaction. Your service -- including your local calling area, your telephone number(s), and Emergency 911 service -- will remain exactly as it is today. Transfer of your service to Citizens Communications will be automatic -- you don't have to do anything.

Sales of this type must be approved by the Federal Communications Commission (FCC). The FCC will normally authorize this proposed transfer of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object to the FCC, you should file your comments within 30 days after receipt of this notification. Address them to the Federal Communications Commission, Portals II, 445 12th Street SW, Washington, D.C. 20554, referencing the 63.71 application of U S WEST. Comments should include specific information about the impact of this proposed transfer upon you or your company, including any inability to acquire reasonable substitute service.

As we move ahead to transfer your service from U S WEST to Citizens Communications we will inform you of significant developments. And, until the transition to Citizens Communications is complete, U S WEST will continue to work diligently to provide service for you and the other members of your community. If you have any questions concerning the sale of exchanges, please call us collect at (701) 222-6835.

Thank you for your support and business.

USWEST

Important Notice

Dear Customer:

U S WEST has asked the Idaho Public Utilities Commission (IPUC) and the Federal Communications Commission (FCC) for authorization to transfer ownership and operation of its Cottonwood (962), Craigmont (924), Grangeville (983), Kamiah (935), Kooskia (926), Lapwai (843), Lewiston (743, 746, 750, 798, 799) and Nez Perce (937), telephone exchanges to Citizens Utilities Company.

Citizens Utilities Company provides telecommunications services and public services to approximately 1.9 million customers in 22 states. Already a telecommunications leader, Citizens Utilities Company plans on superior growth in the future through providing small and medium-sized communities in America with the most advanced technology, products, and services.

U S WEST is confident that Citizens Utilities Company, through its subsidiary Citizens Telecommunications Company of Idaho, possesses the ability and experience necessary to meet your future telecommunications needs. We are confident, too, that the transfer of service to Citizens Telecommunications Company of Idaho will be a smooth and seamless transaction. Your service – including your current local rates, your local calling area, your telephone number(s), and Emergency 911 service – will remain the same as today. Upon approval from the FCC and the IPUC, transfer of your service to Citizens Telecommunications Company of Idaho will be automatic – you do not have to do anything.

If you have questions about this request for transfer of ownership and how it may affect you, please call U S WEST collect at 208-385-8666 (for TTY customers using the Idaho Telecommunications Relay service call 1-800-377-3529). You may also contact either the FCC or the IPUC for questions about their approval processes or to comment on the proposed transfer.

If you have questions about the IPUC's approval process, you may contact the IPUC at the following address:

Myma Walters, Secretary
Idaho Public Utilities Commission
P.O. Box 83720
Boise, Idaho 83720-0074
1-208-334-3762 (fax line)
mwalter@puc.state.id.us

If you would like to comment to the IPUC on this proposal, it is important for you to do so now. Comments to the IPUC must be submitted in writing, by e-mail or by fax to become a part of the official case record. Please reference Case No. USW-T-99-25 in your correspondence. The IPUC encourages your written comments, either in favor or opposition, regarding this proposal.

If you have questions about the FCC's approval process, you may contact the FCC at the following address:

Federal Communications Commission
Portals II
445 12th Street SW
Washington, DC 20554

Be sure that any comments to the FCC reference the 63.71 application of U S WEST so your comments will be directed to the proper department. If you wish to object to the FCC, you should file your comments within 30 days after receipt of this notification. Comments to the FCC should include specific information about the impact of this proposed transfer upon you or your company, including any inability to acquire reasonable substitute service. The FCC will normally authorize this proposed transfer of service unless it is shown that customers would be unable to receive service, or a reasonable substitute, from another carrier or that the public convenience and necessity is otherwise adversely affected.

As we move ahead to transfer your service from U S WEST to Citizens Telecommunications Company of Idaho we will inform you of significant developments. And, until the transition to Citizens Telecommunications Company of Idaho is complete, U S WEST will continue to work diligently to provide service for you and the other members of your community. Again, if you have any questions concerning the transfer, you may call U S WEST collect at 1-208-385-8666. Customers using a TTY should use the Idaho Telecommunications Relay Service by calling 1-800-377-3529.

Sincerely,

John Souba
Regulatory Affairs Manager

Important Notice

Dear Customer:

U S WEST has asked the Washington Utilities and Transportation Commission (WUTC) and the Federal Communications Commission (FCC) for authorization to transfer ownership and operation of its Clarkston, WA, telephone exchange (prefixes 751 and 758 in the 509 area code) to Citizens Utilities Company.

Citizens Utilities Company provides telecommunications services and public services to approximately 1.9 million customers in 22 states. Already a telecommunications leader, Citizens Utilities Company plans on superior growth in the future through providing small and medium-sized communities in America with the most advanced technology, products, and services.

U S WEST is confident that Citizens Utilities Company, through its subsidiary Citizens Communications, possesses the ability and experience necessary to meet your future telecommunications needs. We are confident, too, that the transfer of service to Citizens Communications will be a smooth and seamless transaction. Your service – including your current local rates, your local calling area, your telephone number(s), and Emergency 911 service – will remain the same as today. Upon approval from the FCC and the WUTC, transfer of your service to Citizens Communications will be automatic – you do not have to do anything.

If you have questions about this request for transfer of ownership and how it may affect you, please call the U S WEST Customer Response Line, collect, at 1-206-346-7777 (for TTY customers call 1-800-223-3131). If you call collect and reach a voicemail message it will authorize the operator to accept the collect call. Please leave a message so that someone may return your call. You may also contact either the FCC or the WUTC for questions about their approval processes or to comment on the proposed transfer.

If you have questions about the WUTC's approval process, you may contact the WUTC at the following address:

Secretary
Washington Utilities & Transportation Commission
P.O. Box 47250
Olympia, WA 98504-7250
1-800-562-6150 (toll-free)
comments@wutc.wa.gov

If you would like to comment to the WUTC on this proposal, it is important for you to do so now. Comments to the WUTC must be submitted in writing or presented at the WUTC's open meeting to be considered part of the formal record. The WUTC encourages your written comments, either in favor or opposition, regarding this proposal. All open meetings are held in Olympia, WA. If you would like to be added to the WUTC's mailing list to be notified of the open meeting date, please call the toll-free number listed above and leave your name and complete mailing address.

(Please see reverse)

If you have questions about the FCC's approval process, you may contact the FCC at the following address:

Federal Communications Commission
Portals II
445 12th Street SW
Washington, DC 20554

Be sure that any comments to the FCC reference the 63.71 application of U S WEST so your comments will be directed to the proper department. If you wish to object to the FCC, you should file your comments within 30 days after receipt of this notification. Comments to the FCC should include specific information about the impact of this proposed transfer upon you or your company, including any inability to acquire reasonable substitute service. The FCC will normally authorize this proposed transfer of service unless it is shown that customers would be unable to receive service, or a reasonable substitute, from another carrier or that the public convenience and necessity is otherwise adversely affected.

As we move ahead to transfer your service from U S WEST to Citizens Communications we will inform you of significant developments. And, until the transition to Citizens Communications is complete, U S WEST will continue to work diligently to provide service for you and the other members of your community. Again, if you have any questions concerning the transfer, you may call U S WEST collect at 1-206-346-7777. Customers using a TTY may call 1-800-223-3131.

Sincerely,

Theresa Jensen
Director, Public Policy

3 High Ridge Park
Stamford, CT 06905

Welcome!

Citizens Communications would like to welcome you to our family of customers. We are delighted to be your new local telephone service provider. As your new local provider, we promise to provide you the level of service that has made Citizens one of America's fastest growing community-based communications companies.

Enclosed is valuable information about our services. Please take a moment to review this information and familiarize yourself with the services Citizens Communications offers, to make communication easier for your personal and business use.

Our goal is to be the single provider of all your telecommunication needs and support you with outstanding service. It's just one way we'll work hard to welcome you to Citizens Communications - your hometown link to the world!

If you have any questions, please contact our Residential Customer Service Center at (800) 921-8101 and our Business Customer Service Center at (800) 921-8102. We look forward to serving your communication needs and appreciate your continued business.

Sincerely,

A handwritten signature in black ink, appearing to read "John Lass".

John Lass
VP/General Manager - Central Region

Citizens Long Distance

Stay in touch across town and across
the world!

LOCAL TOLL SERVICE

If in the past you have used US West to make local toll calls, a similar service will be provided for you by Citizens Communications if you do not select another carrier. If you choose Citizens for your local toll service, you will receive that service at rates, terms and conditions at least as good as those your previous carrier provided and you will not be charged a carrier change fee. You have the right to switch your local toll service at any time, and will incur a fee for the change.

LONG DISTANCE SERVICE

If you receive long distance service from AT&T, MCI, Sprint, Excel, Vartec, Worldcom, GTE Long Distance or *Citizens Long Distance*, there will be no change in your long distance billing.

BILLING ARRANGEMENTS

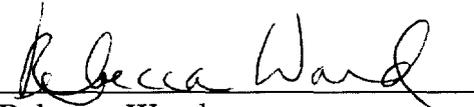

If you use a long distance carrier that is not listed above, you may notice an unfamiliar company name in the long distance portion of your Citizens Communications bill. This quite simply is the company your long distance carrier uses to manage its billing. *Citizens Communications would like to assure you that there would be no interruption of long distance service.*

Calling Card

If you currently have a US West "Long Distance" calling card, feel free to continue to use it. Citizens will send you a Citizens Communications Calling Card that will enable you to make long distance calls both nationally, and internationally.

CERTIFICATE OF SERVICE

I, Rebecca Ward, do hereby certify that on the 6th day of July, 2000, I have caused a copy of the foregoing **LETTER** to be served, via first class United States mail, postage prepaid, upon the persons listed on the attached service list.
