Re: Docket 99-339
Ex Parte submission

Dear Madame:

Please be advised that an oral ex parte presentation was made by the undersigned on behalf of the National Television Coalition for Media Access to the staff of Commissioner Furchtgott-Roth on July 13, 2000 in connection with the above-referenced rulemaking proceeding. In addition to points which had previously been made in the Coalition's written submissions in the Docket, the differences between the authority to be exercised by the Commission in this matter and the regulation of voicemail under Section 255 of the 1996 Telecom Act were emphasized.

Yours truly,

Donald J. Evans
Counsel for the National Television
Coalition for Media Access
