## COMMON CARRIER BUREAU EXTENDS THE TIME TO FILE COMMENTS IN THE NUMBERING RESOURCE OPTIMIZATION PROCEEDING

CC Docket No. 99-200

On March 31, 2000, the Commission released the Numbering Resource Optimization *Report and Order and Further Notice of Proposed Rulemaking*, CC Docket 99-200, FCC 00-104. In the *Report and Order*, the Commission adopted certain administrative and technical measures that will allow it to monitor more closely and improve the way numbering resources are used within the North American Numbering Plan (NANP). The Commission also sought comment on several matters relating to its findings in the *Report and Order* in an accompanying *Further Notice of Proposed Rulemaking (Further Notice)*. The *Further Notice* provided for comments to be due May 1, 2000, and reply comments to be due May 16, 2000. On April 28, 2000, the Common Carrier Bureau extended the comment deadline from May 1, 2000 to May 19, 2000, and the reply comment deadline from May 16, 2000 to June 9, 2000. Because of a delay in publishing the *Report and Order and Further Notice* in the Federal Register, we hereby extend the comment deadline to 14 days after publication in the Federal Register, and the reply comment deadline to 21 days after publication in the Federal Register. Interested parties also may supplement existing comments and reply comments submitted in response to the *Further Notice* until the extended dates.

For further information contact Aaron Goldberger of the Common Carrier Bureau, Network Services Division, at (202) 418-2320 or [agoldber@fcc.gov](mailto:agoldber@fcc.gov). The TTY number is (202) 418-0484.
