Introduction to the R-7 School District

The 117-square-mile Lee's Summit R-7 School District serves one of the prime growth areas of greater metropolitan Kansas City. We believe we have the best of all worlds: the lovely woodlands and rolling countryside of the eastern Plains, the progressive, full-service community of Lee's Summit--a city of approximately 70,000 with a small town atmosphere; four beautiful residential lakes; three large recreational lakes; and quick access to all the attractions of the Kansas City area.

This wholesome environment is home to a growing population. Our patrons know that strong schools build a strong community, vital in attracting the kind of business and industry that will continue to keep eastern Jackson County moving ahead into the 21st century.

We've come a long way. In 1949, 16 rural elementary districts and a high school in Greenwood merged with the little community of Lee's Summit to form the R-7 School District. There were some 1,250 students districtwide.

Today, approximately 13,800 young people attend 13 elementary schools, two junior high schools and two high schools. Recognized as one of the nation's outstanding school districts, the Lee's Summit School District recently received Missouri's first-ever Governor's Choice Award and was selected for SchoolMatch's What Parents Want Award. This national award recognizes just 14 percent of the nation's school districts. The District also earned the Gold Medal (or first-place) award from Expansion Management Magazine. Gold Medal schools rank in the top 15 percent of those districts evaluated.

Look us over and we believe you will agree. The R-7 School District, Jackson County, Missouri expects the best when providing a top education for our nation's most precious resource: your children.

Lee's Summit R-7 Vision Statement

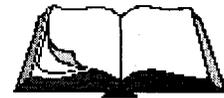

Lee's Summit R-7 School District is a premier educational center promoting life-long learning, uniquely committed to the academic, physical, emotional and social well-being of **ALL** students. We excel in student achievement, the implementation of researched best practices, the continuous improvement process, the productive use of technology and partnerships with parents and community. Our success is realized in the quality of life of our students and community.

Public participation at Board of Education meetings

Several avenues for the exchange of information, ideas and opinions are authorized by the R-7 Board of Education. These are designed to provide for full and open communication between the public and the Board.

The Board members make efforts to identify community opinions and to be responsive to community concerns. With the exception of executive sessions which are legally conducted within the parameters of the "Missouri Open Meetings Act", all regular meetings, special meetings and workshops of the Board of Education shall be open to the public. Scheduled periods for public comment will be provided to permit the public to speak on matters addressed on the current agenda of the regular monthly meeting (held on the second Thursday of each month).

All Board of Education meetings will be presided over by the Board president with the primary purpose of conducting the business of the Board in a responsible and expeditious manner. The president has the authority to regulate and limit public participation.

Public participation guidelines

The following avenues of public participation operate within the framework of the Board of Education's scheduled meetings.

Communicating in writing

Written correspondence may be directed to the Board, through the superintendent, for consideration at meetings. Statements of two pages or less are encouraged.

Speaking about a current agenda topic

The agenda for each regular meeting of the Board includes time for "Comments from the Public", scheduled just before decision items. Comments must be limited to matters on the meeting's agenda.

Anyone wanting to address the Board on agenda topics must sign up before the meeting on the meeting sign-up sheet. A time limit will be established for all speakers who have signed up. Speakers will not be permitted to participate in gossip, make defamatory comments, use abusive or vulgar language. Agendas for the regular Board of Education meetings are available several days before the meeting date. For more information, feel free to call the Office of the Superintendent at 524-3368, ext. 114.

Placing an item on the agenda

Patrons may request to have an item considered for placement on the agenda by submitting a request in writing to the superintendent. To be considered, the request must be received one week (five working days) before the scheduled meeting. For more information, feel free to call the Office of the Superintendent at 524-3368, ext. 114.

Public hearings

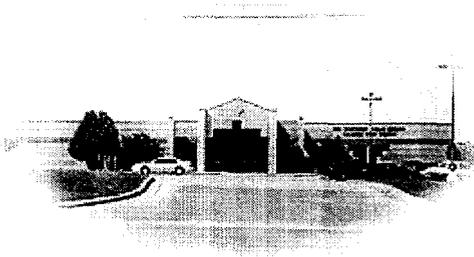

The Board of Education may also schedule public hearings on matters of concern to the community, such as the annual budget.
