Dear Ms. Salas:

On Monday September 18, 2000, Tom Dombrowsky of Wiley, Rein & Fielding and I had a meeting with David Furth, Roger Noel, Wilbert Nixon and Melvin Spann of the Wireless Telecommunications Bureau staff to discuss the status of the above captioned rule making. Specifically, we discussed the issues raised in the outstanding *Further Notice of Proposed Rule Making* and presented the attached, modified band plan for the remaining narrowband PCS spectrum.

In accordance with the Commission's rules, an original is being electronically filed for inclusion in the relevant docket file. If you have any questions or need any additional information, please let me know.

Sincerely,

/s/
