

Dear FCC

My sincerest apologies. I have never filed electronically before, and unfortunately took quite a while to get it figured out. I did start trying to send my comments before 12:00 Eastern, but until just now have been unable to get everything figured out. Hopefully you will be able to consider this to be a timely filing.

If you need to talk to me, I can be reached at 816-781-8860 x 212.

Thank you for your understanding and assistance.

Blake Ashby
