NOTICE OF PROPOSED RULE MAKING

Adopted: September 27, 2000

Released: October 11, 2000

Comment Date: December 1, 2000

Reply Comment Date: December 18, 2000

By the Chief, Allocations Branch:

1. Before the Allocations Branch for consideration is a multiple docket *Notice of Proposed Rule Making* setting forth four separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Rules to allot new channels in four separate localities. Each proposal would provide a first local transmission service at the proposed community. The petitioner in each proposal, New Directions Media, Inc. ("petitioner") states that it will file an application for construction permit at each locality and bid at auction if the channel is allotted. We believe that each proposal warrants consideration because it complies with our technical requirements and would serve the public interest.

2. This is a multiple docket *Notice of Proposed Rule Making* issued in response to a Commission *Public Notice* released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single *Notice of Proposed Rule Making*. Each proposal has its own docket and rule making number and the Commission's Reference Center will maintain a separate file for each docket. As discussed in the *Public Notice*, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions. We request comments and/or counterproposals to the following proposals:
