Re: *Ex parte* Notification - ET Docket No. 98-153 /
Ultra-Wideband (UWB)

Dear Ms. Salas:

On December 5, 2000, Rachel Reinhardt and William Beeler of Time Domain Corporation (TDC), Phillip Inglis, a consultant, and I met with Karen Rackley and John Reed of the Commission's Office of Engineering and Technology to discuss the information TDC submitted in its opening and reply comments to the NPRM in this proceeding. Specifically, we discussed in detail "Appendix C - Measurement Techniques and Issues" that was included with TDC's reply comments. TDC explained each of the "Studies" provided in Appendix C and answered related questions from the Commission's staff.

Should any question arise concerning this matter, please do not hesitate to contact me.

Sincerely,

John W. Kuzin
Counsel for Time Domain Corporation
