Re: **PP Docket No. 00-67**

Dear Ms Salas:

Enclosed for filing with the Commission is a **corrected** copy of the Reply to Opposition of Consumer Electronics Retailers Coalition filed on Tuesday, January 16, 2001 by the National Cable Television Association in the above-captioned proceeding.

Specifically, on page 6, the second full paragraph, third sentence should read:

As the focus group study shows, consumers believe that a “cable ready” device will receive all current and future cable services and does not require a set-top box.

If there are any questions concerning this matter, please let me know. Thank you very much.

Very truly yours,

Neal M. Goldberg  
General Counsel
