Docket Nos., CC 98-67 AND CC 90-571  
in response to Public Notice DA#00-2739

Dear Ms Salas:

I am a speech language pathologist working in  
Wisconsin and I strongly agree with Dr. Bob Segalman's

filing about the NECA budget. Dr. Segalman proposes  
establishing an annual \$6m Speech to Speech budget.  
Because of his expertise in the area of STS (He is  
the founder and developer.) I think his figures should  
be trusted. I know about \$120,000-140,000 is needed  
annually to fund STS outreach in my state. A national  
budget would ensure adequate outreach for STS for all  
states, especially in the many states which would  
otherwise have no STS outreach budget.

Thank you for your attention to this vital situation.

Sincerely,

Eda B. Wilson, SLP
