Re: Erratum To Reply Comments of EarthLink, Inc., Filed January 10, 2001 in the Matter of Inquiry Concerning High-Speed Access to the Internet Over Cable and Other Facilities; GN Docket No. 00-185

Dear Ms. Salas:

On January 10, 2001, EarthLink, Inc. ("EarthLink") filed Reply Comments in the above-referenced docket. We file this erratum to correct a typographical error that occurs in two places in the document. Specifically:

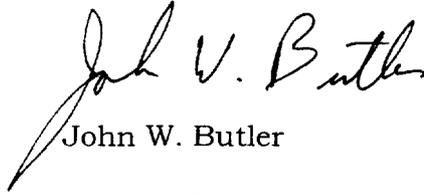

1. On page ii of the Table of Contents, in item 5.b., the word "Commission" in the parenthetical should read "Contamination." Accordingly, the text in the parenthetical should read: "i.e., The Contamination Theory Does Not Apply."
2. On page 29 of the body of the Reply Comments, in the heading marked "b.," we note the same change as is described in item 1, above. The text in the parenthetical in that heading should also read: "i.e., the Contamination Theory Does Not Apply."

We request that this erratum be entered into the docket and attached to the official file copy of EarthLink's January 10, 2001 Reply Comments.
