Washington, DC 20554

RE: Application by Verizon New England Inc., et al., for Authorization To Provide In-Region, InterLATA Services in Massachusetts, Docket No. 01-9

Dear Ms. Salas:

In a March 23<sup>rd</sup> ex parte, Verizon provided to the CCB staff at their request the attached month-by-month analysis of performance metric NP 1-01. The analysis identifies those carriers for which the % of final trunk groups exceeding the blocking standard fell below the Verizon performance for the month and those that exceeded the Verizon performance for the month. In the ex parte one CLEC was inadvertently omitted and the correct information is attached. Please note that a confidential version of this information is also being filed.

Please let me know if you have any questions. The twenty page limit does not apply as set forth in DA 01-106.

Sincerely,

Attachment
