**Re: CC Docket No. 94-102
Consolidated Telcom
Broadband PCS Stations KNLG704 and KNLG705
BTA 113 (Dickinson, North Dakota)
First Quarterly Report**

Dear Ms. Salas:

On behalf of Consolidated Telcom, we are submitting herewith its first quarterly report addressing the requirements in CC Docket No. 94-102 for digital wireless systems to provide TTY access to E-911 emergency calling systems.

Please refer any questions or correspondence to this office.

Very truly yours,

/s/ Harold Mordkofsky

Re: CC Docket No. 94-102
Broadband PCS Stations KNLG704 and KNLG705
BTA 113 (Dickinson, North Dakota)
First Quarterly Report

Dear Ms. Salas:

This report is filed pursuant to the Commission's *Fourth Report and Order*, in CC Docket No. 94-102, released December 14, 2000, even though it is not certain whether we are required to make this filing at this time.

Consolidated Telcom is the licensee of the referenced stations in the Broadband Personal Communications Service. The licensed facilities have not yet been constructed and our first buildout showing is not due to be filed until April 28, 2002.

Reading together the *Fourth Report and Order* and Sections 20.18(a) and (c) of the Commission's Rules, it appears that the quarterly report filing requirement applies only to wireless systems that are already in operation, by stating that these requirements are applicable only to "service providers" and "carriers operating digital wireless systems." Since we are not yet providing service, it appears that we are not required to file this report. Accordingly, we are filing this report to preclude any inquiry from the Commission that might otherwise be forthcoming.

We wish to assure the Commission, nevertheless, that we will comply with the requirements of Section 20.18 of the Commission's Rules once our licensed facilities have been constructed and are providing service.

Very truly yours,

Consolidated Telcom
