Review of the Commission's Rules and Policies Affecting the Conversion To Digital Television (MM Docket No. 00-39)

Dear Ms. Salas:

World Television of Washington, LLC ("FSB") hereby submits this letter in connection with the Commission's *Third Report and Order*, FCC 01-25 (Rel. Jan. 23, 2001), in the above-referenced proceedings (the "*Third R&O*"). On March 16, 2001, Paxson Communications Corporation and other television station owners that collectively represent 42% of the existing analog stations in the Channel 59-69 Band filed with the Commission a Petition for Clarification and Reconsideration of the *Third R&O* (the "Petition"). FSB has reviewed the Petition and hereby advises the Commission that FSB fully supports the positions set forth in the Petition.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Koplin", is written over a large, loopy circular flourish.
