Dear Ms. Salas:

On Wednesday, June 13, 2001, Russell Fairbanks of Itron, Inc., Michael Krokowski of DataCom, Tim Cooney representing the American Hospital Association, Stacy Rantala of the National Energy Marketers Association, and Henry Goldberg, counsel for Itron, Inc. met with Kathleen Ham, Deputy Chief, Wireless Telecommunications, D'Wana Terry, Chief, Public Safety & Private Wireless Division, and various Wireless Telecommunications Bureau staff members concerning the above-referenced proceeding. We discussed the allocation of frequencies in the 1427-1432 MHz band to utility telemetry and wireless medical telemetry on a co-primary basis, which is discussed fully in the comments of Itron and the American Hospital Association in this proceeding.

If there are any questions in this regard, please contact the undersigned.

Sincerely,

Henry Goldberg
Attorney for Itron, Inc.
